contrary to the popular belief sales people don't rely on the gift of the gab to be successful actually the opposite is true the best sales professionals spend far more time asking and listening than they do talking and selling they ask questions of their customers they ask questions of their colleagues and they ask questions of their managers if Oxford defines curiosity as the strong desire to know or learn something then by that definition sales people are curious by nature in fact that's how sales professionals learn to be professional in the first place this is a collection of practical answers to questions sales people ask most written by Susan A. Enns a professional sales coach with a proven track record of sales excellence over her 30 plus year career her accomplishments include consecutively being the top sales rep in Canada managing the top sales branch and achieving outstanding sales growth in a national channel sales organization she has written several books about sales and sales management and has created numerous automated sales tools her work has been published in several locations numerous times and has sold on five separate

continents as such over the years susan has been asked many questions by many sales people after a while she saw that sales people regardless of their experience the products they sell the industries in which they operate or the countries where they sell all share similar curiosities in other words although the wording may be different when asked in an email or when asked in person sales people all ask the same questions the most common of which are answered in this ebook as the old saying goes the only stupid questions are the ones unasked as a sales professional you should never be afraid to ask the sales coach because you will learn so much from the answers susan really knows the selling world she s honest articulate bright giving highly competent personable and a top professional welcome her it s the right thing to do our company hired susan as our sales coach she has helped me make more appointments close more deals and make more money the 3 most important concepts in sales i would recommend any sales force hire her to help boost business sales susan understands the sales process intimately and is able to create a management process around it that drives sales people to accomplish their goals susan knows her stuff she brings many years of great sales experience and success to anyone who wished to improve their skills in sales she is very personable and is not afraid to tell it like it is i would recommend anyone and i have to susan her website her books if you want to become a better sales person thanks for the training i made my quota this year in may

money greases the wheels of american politics from the local level to the white house in the 2004 presidential campaign president george w bush alone raised nearly 400 million in private and public funds nearly twenty times the combined total raised by john kennedy and richard nixon in 1960 to defeat challenger john f kerry further fueling anxiety over the power of money to dictate political results melvin urofsky one of our nation s most respected legal historians takes a fresh look at efforts to rein in campaign spending and counter efforts in the courts to preserve the status quo he offers a thoughtful and balanced overview of campaign finance reform and the legal responses to it from the progressive era through the supreme court s landmark ruling in mcconnell v fec 2003 and its impact on the 2004 election urofsky focuses especially on the 1971 federal election campaign act and 2002 mccain feingold or bipartisan campaign reform act bcra and on challenges to both in the supreme court in buckley v valeo 1976 the court upheld contribution limits but struck down expenditure caps on first amendment grounds in mcconnell it upheld the key provisions of mccain feingold in both cases however opponents argued that congressional control of campaign financing was an unconstitutional infringement of the free speech rights of campaign contributors urofsky deftly steers the reader through this contentious and complex history revealing how both congress and the courts have navigated uneasily between the scylla of potential corruption and the charybdis of suppressing political speech ironically despite the court s decision upholding mccain feingold the 2004 presidential election was the most expensive in history because as urofsky notes money is the mother s milk of politics and both candidates and donors will always find ways to keep it flowing his book provides an excellent and succinct guide to the controversies and historical debates emerging from that fact
