women's studies is a rapidly expanding field with a tremendous growth in the number of london courses available as a result of this there has been increasing debate about the nature of feminist research can a specifically feminist methodology be identified which research methods are most appropriate in feminist work what is the difference between a feminist approach and other forms of scholarship researching women's lives explores these issues by focusing on the dynamics of doing research rather than engaging in a theoretical discussion about research techniques feminists are now involved in exploring a whole range of wider issues concerned with practical political and ethical matters in undertaking research in addition to issues such as violence sexuality political activity and popular culture contributors also examine the impact of race class sexual orientation and age

our universities are the locus of ongoing debates over the politics of gender of class of disadvantage and disability and over the issue of political correctness in a feminist i christine overall offers wide ranging reflections from a first person point of view on these issues and on the politics of the modern university itself in doing so she continually returns to underlying epistemological concerns what are our assumptions about the ways in which knowledge is constructed to what degree are our perceptions shaped by our social roles and identities in the past generation feminists have led the way in recognising the importance of such questions and recognising too the ways in which personal experience may be an invaluable reference point in academic theory and practice but reliance on

personal experience is fraught with problems how is one to deal with tensions between the autobiographical and the analytic this book points the way to resolving some of those tensions and to fruitfully sustaining others it is a book of considerable insight warm humanity and genuine importance

for centuries traditional medicine has been infused with a masculine bias often to the disadvantage of both doctors and patients this book challenges prevailing views and offers a family oriented feminist approach to the practice of medicine drawing on her 20 years of experience as a family doctor the author dissects the assumptions underlying current teachings about child and adult development sexual abuse the family life cycle and family systems she exposes the ways in which women are often ignored subordinated or blamed in the modern medical system for example she notes that women are often held solely responsible for all problems in their families including child abuse and battering

this book examines the work of the classical social theorists durkheim weber marx engels and freud from a feminist perspective the focus is on the theoretical approach adopted by each theorist in his examination of the nature of human nature and more specifically the nature of sex relationships in general the dichotomized hierarchical view of sex relationships common to each of the theorists forms the framework for the discussions and critiques more recent critical commentaries by feminists are included as well as a brief exegesis on sociobiology as representative of many of the views found in the work of the five sociological fathers the concluding remarks consider suggestions for the direction of a feminist social theory

do you believe women deserve all the same rights and liberties bestowed upon men if so then you are a feminist or so the feminists keep insisting crispin delivers a searing rejection of contemporary feminism and a bracing manifesto for revolution she accuses the feminist movement of obliviousness irrelevance and cowardice and demands nothing less than the total dismantling of a system of oppression publisher's description

among the many achievements of the feminist movement of the 1970s was the unprecedented influx of women into academia over the last 25 years women have entered the social sciences in huge numbers bringing with them new perspectives and new insights into the social world this special issue of the annals reflects on this multivocal richly textured and dynamic revolution from anthropology to psychology to geography to criminology and more leading feminists reflect on the most significant contributions of feminist activism and feminist research to their fields two main themes run through this volume the relationship between feminist scholarship and feminist activism and the enduring controversies and future direction of feminist social science the contributions run the gamut from the impact of feminism on specific social science disciplines such as family studies archaeology political science and media studies to the influence of feminist thought on specific topics such as federally funded social science migration media practices and sexuality the main conclusion of this volume is that where reigning paradigms are strong and the accepted methodologies are limited feminist perspectives tend to be marginalized on the other hand fields that are theoretically eclectic and interdisciplinary appear to be the most welcoming to feminist influence
