this manual provides details of the frontline in service applied veterinary epidemiology training isavet programme s structure core competencies learning outcomes training activities training modules field assignments supervision monitoring and evaluation for trainees the intended audience of the manual are individuals enrolled in the frontline isavet at the national level the manual references other isavet manuals and documents e g isavet trainer manual isavet mentor manual sops course registration forms and templates etc this manual will serve as an fao global resource for national capacity development of veterinary services to detect and respond to emerging infectious animal diseases including transboundary animal diseases and zoonotic diseases

fao has developed the practical guide for the application of the genebank standards for plant genetic resources for food and agriculture conservation of orthodox seeds in seed genebanks to be used as a companion volume to the genebank standards for plant genetic resources for food and agriculture the action steps of the genebank workflow are presented in a sequential manner and provide guidance on the complex steps and decisions required when operating a seed genebank the accompanying summary charts for the respective action steps underscore the intended use of this practical guide as a handbook for routine genebank operations for the conservation of orthodox seeds while this practical guide is particularly useful for genebank technicians for their day to day activities it may also be used as a basis for the development of standard operating procedures and quality management systems genebank managers will also find it useful for conducting training exercises

etiquette the complex network of rules that govern good behaviour and our social interactions is always evolving and changing as society changes without etiquette

members of society would show far too much impatience and disrespect for one another which would lead to insults dishonesty cheating road rage fist fights and a rash of other unfortunate incidents etiquette help us show respect and consideration to others and makes others glad that we are with them without proper etiquette the customs of polite society would soon disappear and we would act more like animals and less like people aggressiveness and an every man for himself and god for us all attitude would take the lead

this book offers a comprehensive article by article legal commentary on the united nations convention against transnational organized crime and its protocols on trafficking in persons smuggling of migrants and trafficking in firearms and ammunition the convention often referred to by the acronym untoc was approved by the un general assembly on 15 november 2000 and made available for governments to sign at a high level conference in palermo the heartland of the italian mafia on 12 15 december 2000 for this reason untoc is sometimes also referred to as the palermo convention the convention entered into force on 29 september 2003 the purpose of untoc is to promote cooperation to prevent and combat transnational organized crime more effectively untoc seeks to promote consistency among national legal systems and set standards for domestic laws so that states parties can effectively combat transnational organized crime untoc is supplemented by three protocols the protocol against the smuggling of migrants by land air and sea the protocol to prevent suppress and punish trafficking in persons especially women and children and the protocol against the illicit manufacturing of and trafficking in firearms their parts and components and ammunition article by article this books presents the text of each provision of the convention and the protocols followed by a systematic analysis of their background and negotiating history their interpretation by the conference of the parties and its working groups in judicial decisions by domestic and international courts in the academic literature and in official material published by international organisations chief among them the united nations office on drugs and crime unodc the guardian of untoc and the protocols the authors offer critical scholarly commentary the book serves as a compendium for those using researching or studying provisions under untoc and the protocols and as a handbook for those charged with implementing and enforcing them

this volume is an empirical assessment of an often neglected space in migration research social psychological and human costs for both migrants and the families they

leave behind based on qualitative and quantitative research findings globally the focus of migration research has consisted of the intersections of migration and remittances this overemphasis on remittances obscures the contributions and sacrifices made by migrants and their families with this backdrop in view india migration report 2013 documents issues such as children s negotiation of parental migration coping mechanisms adopted by women left behind utilization of social networks by the elderly during a health crisis demographic implications of migration household management and child care by spouses of migrant nurses lifestyle management by the elderly who migrate with their children in the absence of other traditional and familiar kinship structures transition costs involved in peasant migration social costs of migration in the case of emigration to the gulf region broader impacts of migration on the family in addition the book also includes articles dealing with nurses migration skilled mobility informalization of labour markets mobility of women workers global financial crisis and return migration remittances management and a critical assessment of bilateral mobility agreements among nations to protect indian workers it will be of interest to those in migration studies sociology law economics gender studies diaspora studies international relations and demography apart from non governmental organizations policy makers and governmental institutions working in the field of migration

in 2020 the african charter on the rights and welfare of the child acrcw celebrates 30 years since its adoption to date 50 african states have ratified the acrcw and 28 have submitted the initial report 12 have submitted both initial and periodic reports to the african committee of experts on the african charter on the rights and welfare of the child acrcw on the implementation of the acrcw and have received recommendations from the acrcw to ascertain the extent of children s rights protection in africa the centre for human rights was commissioned to undertake a study on the implementation of the acrcw in 10 countries namely algeria burkina faso burundi cameroon ethiopia ghana mozambique namibia sudan and tanzania in country researchers were engaged to collect data using desk based research to obtain information consisting of literature documents and online sources that was then thematically analysed

this book is written for providers of broad training backgrounds and aims to help those who care for people with eds overweight and obesity provide evidence based care the goal of the book is to provide these providers with a straightforward resource summarizing the current standard of care however it goes further by also

introducing the concept of food addiction fa as a model to understand some forms of overeating this book discusses the pros and cons of embracing fa and reviews the evidence for and against the validity and utility of fa by doing so the chapters convey a middle ground approach to help people with obesity bed and bulimia nervosa plus fa symptomatology who also want to lose weight the text discusses fa by reviewing several of the main ongoing controversies associated with the construct it reviews both the clinical and neuroscientific evidence that some individuals eating behavior mirrors that seen in substance use disorders sud such as how their relationship with food appears to be addictive chapters also discuss how many of the mechanisms known to underlie suds appear to drive overeating in animal models and humans finally the text argues that the similarities between the brain mechanisms of addictive disorders and overeating behavior has the potential to open up new avenues for current treatment and treatment development food addiction obesity and disorders of overeating an evidence based assessment and clinical guide is suited for both medical and mental health practitioners including physicians in primary care or psychiatry nurses psychologists social workers medical students and medical residents it could also be utilized by researchers in obesity and ed fields stimulating ideas for future research and study design
