introduces the concepts of music dance and acting suggesting how to create a musical production through games and role playing and describing all aspects of a show from auditions to curtain call

learning from children who read at an early age is the result of a three year research project in which the authors studied a group of children who learnt to read without being taught from before they started school until the end of year 2 when they were given their first national curriculum assessments using this study as a framework for examining how children make progress over their time in key stage 1 across a range of literacy skills the authors suggest guidelines which teachers can use to help all children progress with reading

this title has been revised to include usborne s innovative internet links it provides a first practical guide to cooking a hobby which is of interest to many young children aimed at the budding chef it gives step by step advice in a helpful and clear format teaching the basics of cookery

the purpose of this volume is to present recent research in the field of the acquisition of functional literacy and its precursors the volume aims to capture the state of the art in this rapidly expanding field an attempt is made to clarify the vague and often inconsistent definitions of functional literacy from the perspective of development cognitive linguistic educational and social factors of literacy development are all taken into account the volume consists of three subsequent parts the first part goes into phonological precursors of literacy development in this part the focus is on the development of early language precursors of of reading and writing the cultural foundations of these precursors are explored and their links with reading development are dealt with in detail different psycholinguistic approaches are also proposed to explain the occurrence of literacy problems in the second part the scope is on the constraints of reading and writing efficiency at the word level and beyond the acquisition of reading and writing is seen as a result from the interaction between phonological orthographic and semantic processes a crosslinguistic perspective is taken on the role of writing system factors in the acquisition of literacy skills the final part deals with the role of social and educational factors in literacy acquisition starting from a crosscultural perspective the central issue is how the attainment of functional literacy is dependent on sociocultural variation the predictors of more advanced levels of literacy development are considered including foreign language literacy and adult literacy
