aptitude tests are a critical and the most common element in the job selection process
these tests also known as iq intelligence and psychometric tests measure a range of verbal numerical abstract skills these tests mostly developed by testing agencies and specialists in the field such as shl and opp are commonly used by recruitment agencies and employers they aim at evaluating your intelligence and are used for one purpose only to assist recruiters in finding those candidates with the highest scores aptitude tests are rather difficult but the good news is that job test prep offers introduction to and knowledge of the relevant tests and test providers such as shl prior to the real ones individually tailored courses based on your line of work multi mode on line training system step by step and real simulation mode constructive feedback and tips on how to improve your scores in your next test these four elements will significantly improve your tests

results and thus improve your chances to land that job once you've completed this preparation book you'll feel knowledgeable, comfortable, and ready to face the challenge of the test.

The results of drug tests for marijuana, cocaine, phencyclidine, PCP, opiates, and amphetamines are compared with the results of alcohol tests for the various types of required tests. Statistics are presented for random, post-accident, reasonable suspicion, and pre-employment tests combined, and for each individual test type. Those test results are further compared by employer type, transit agencies and contractors, employer size, large, small, and rural employee category, FTA region, and the drug type.
