for criminal justice and criminology and internet courses designed specifically to look at the internet from a criminal justice perspective this comprehensive book and its supporting website explore the myriad of resources available to the criminal justice professional and to criminologists via the world wide its relevant discussions and special interest sections offer both the criminal justice student and practicing professional a clear accessible guide to using the as a learning resource

integrates the most salient research within the interconnected fields of criminology and criminal justice

this book provides students with a comprehensive and engaging introduction to the study of criminology by taking an interdisciplinary approach to explaining criminal behaviour and criminal justice it is divided into two parts which address the two essential bases that form the discipline of criminology part one describes discusses and evaluates a range of theoretical approaches that have offered explanations for crime part two offers an accessible but detailed review of the major philosophical aims and sociological theories of punishment and examines the main areas of the contemporary criminal justice system

literally the most comprehensive world wide guide for criminal justice including chapters on history of the internet surfing the criminal justice links on the world wide e mail search engines netiquette careers security and a glossary

it discusses crime and criminology in relation to the media race islam gender and politics and considers all the relevant theoretical debates that dominate criminology chapters on the police courts probation and prisons are included along with more theoretical chapters regarding crime prevention youth justice and restorative and informal justice the handbook also includes comparative materials and international criminal courts

this new textbook will provide students of criminology with a better understanding of criminal justice policy and in doing so offers a framework for analysing the social economic and political processes that shape its creation the book adopts a policy oriented approach to criminal justice connecting the study of criminology to the wider study of british government public administration and politics throughout the book the focus is on key debates and competing perspectives on how policy decisions are made recognising that contemporary criminal justice policymakers operate in a highly politicised public arena under the gaze of an ever increasing variety of groups organisations and individuals who have a stake in a particular policy issue the book

explores how and why these people seek to influence policymaking it also recognises that criminal policy differs from other areas of public policy as policy decisions affect the liberty and freedoms of citizens throughout key ideas and debates are linked to wider sociology criminology and social policy theory key features include a foreword by tim newburn leading criminologist and author of criminology 2nd edition 2013 a critical and informed analysis of the concepts ideas and institutional practices that shape criminal justice policy making an exploration of the relationship between criminal justice and wider social policy a critical analysis of the debate about how and why behaviour becomes defined as requiring a criminal justice solution a range of case studies tasks seminar questions and suggested further readings to keep the student engaged this text is perfect for students taking modules in criminology criminal justice and social and public policy as well as those taking courses on criminal and administrative law

providing an overview of the sociological approaches to law and criminal justice this book focuses on how law and the criminal justice system inevitably affect one another and the ways in which both are intimately connected with wider social forces

celebrating the 50th anniversary of the oxford centre for criminology this edited collection of essays seeks to explore the changing contours of criminal justice over the past half century and to consider possible shifts over the next few decades the question of how social science disciplines develop and change does not invite any easy answer with the task made all the more difficult given the highly politicised nature of some subjects and the volatile evolving status of its institutions and practices a case in point is criminal justice at once fairly parochial much criminal justice scholarship is now global in its reach and subject areas that are now accepted as central to its study victims restorative justice security privatization terrorism citizenship and migration to name just a few were topics unknown to the discipline half a century ago indeed most criminologists would have once stoutly denied that they had anything to do with it likewise some central topics of past criminological attention like probation have largely receded from academic attention and some central criminal justice institutions like borstal and corporal punishment have at least in europe been abolished although the rapidity and radical nature of this change make it quite impossible to predict what criminal justice will look like in fifty years time reflection on such developments may assist in understanding how it arrived at its current form and hint at what the future holds the contributors to this volume have been invited to reflect on the impact oxford criminology has had on the discipline providing a unique and critical discussion about the current state of

criminal justice around the world and the origins and future implications of contemporary practice all are leading internationally renowned criminologists whose work has defined and often re defined our understanding of criminal justice policy and literature

research methods for criminology and criminal justice a primer second edition provides students of criminology and criminal justice with a clear and simple approach to understanding social science research completely updated and redesigned this text is written to engage students and make the complex subject of research methods easy for the would be criminal justice practitioner to comprehend in addition to covering current topics such as community policing alternative sentencing for nonviolent offenders and gang violence each chapter starts with a case study demonstrating how research methods are used in practical applications within the field later these issues are also addressed in exercises and questions found at the end of the chapter this indispensable resource is accessible understandable and user friendly and is a must read for students in any research methods course each chapter of this text begins with a case study illustrating how research methods requirements and processes are used in real life applications research methods for criminology and criminal justice a primer uses important contemporary issues such as gangs drugs teen alcohol abuse and alternative sentencing options for non violent offenders to illustrate role of research in developing policies and procedures these illustrations are also addressed at the end of each chapter in exercises and review questions research methods for criminology and criminal justice a primer makes learning research methods easy understandable and applicable to the criminal justice topics students are most interested in research methods for criminology and criminal justice a primer will be available with instructor s resources including an instructor s manual including lecture outlines and review question solutions microsoft powerpoint tm presentations and a test bank

criminal justice theory second edition is the first and only text edited by u s criminal justice educators on the theoretical foundations of criminal justice not criminological theory this new edition includes entirely new chapters as well as revisions to all others with an eye to accessibility and coherence for upper division undergraduate and beginning graduate students in the field

over the last twenty five years the significance of criminal justice has dramatically changed in a post modern culture criminal law serves more and more as a focal point in public morality the discovery of the victim of crime can be seen as the marking point by which criminal justice got its central position in the maintenance of

social order it is the result of a general victimalization of today s morality this ingenious book according to michael tonry combines insights from criminology sociology and moral philosophy it is especially inspired by the work of richard rorty who stresses the sensibility for suffering as the major source of morality in post modern times it describes the arousal of attention for victims and the development of crime prevention more specifically it analyzes child sexual abuse and prostitution this illuminating book will be an eye opener for theorists in criminology and moral philosophy but will also be an inspiring work for policy makers in the area of criminal justice

this is a uniquely sociologically oriented criminology text designed to help students cultivate their own sociological imagination about crime and criminal justice the book takes a critical approach and places questions of social inequality and power at the center of criminological inquiry it views class race ethnicity and gender as pivotal organizing principles of social life prisms through which we come to know ourselves and our social world and as central mechanisms by which social relationships are patterned the text offers instructors and students an approach that is interesting and innovative yet organized to fit into conventional course formats the authors write in an engaging manner that is accessible to students and they include many real life anecdotes and quotes from offenders victims and criminal justice personnel to help illustrate concepts and make the material more interesting to read with the text students have access to powera password protected course specific site that offers current articles about criminology refereed and selected by criminology instructors research tools refereed links student study tools and interactive exercises

this accessible text enables criminology students to understand and critically evaluate criminal law in the context of criminal justice and wider social issues

criminal justice law enforcement

this book is for everyone interested in the historical development of the ideas on crime and punishment and their impact on the criminal justice system and the fight against crime more widely this is the first published study not only to discuss the development of criminology and the criminal justice systems of western europe belgium the netherlands germany france great britain and italy but also to delve into the interplay with the evolution of the system in the united states from the end of the eighteenth century up to this day

the historical study of crime has expanded in criminology during the past few

decades forming an active niche area in social history indeed the history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice thus the oxford handbook of the history of crime and criminal justice provides a systematic and comprehensive examination of recent developments across both fields chapters examine existing research explain on going debates and controversies and point to new areas of interest covering topics such as criminal law and courts police and policing and the rise of criminology as a field this handbook also analyzes some of the most pressing criminological issues of our time including drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment the definitive volume on the history of crime the oxford handbook of the history of crime and criminal justice is an invaluable resource for students and scholars of criminology criminal justice and legal history
