this book shows how to use a range of critical approaches to conduct research on terrorism featuring the work of researchers who have already utilized these methods to study terrorism it includes a diverse range of critical methodological approaches including discourse analysis feminist postcolonial ethnographic critical theory and visual analysis of terrorism the main objectives of the book are to assist researchers in adopting and applying various

critical approaches to the study of terrorism this goal is achieved by bringing together a number of different scholars working on the topic of terrorism from a range of non variables based approaches their individual chapters discuss explicitly the research methods used and methodological commitments made by the authors while also illustrating the application of their particular critical perspective to the topic of terrorism the authors of each chapter will discuss 1 why they chose their specific critical method 2 how they justified their methodological stance 3 how they conduct their research 4 and finally an example of the research this book will be essential reading for students of terrorism studies and critical terrorism studies and highly recommended for students of political violence security studies and ir

this book provides a compendium of terms definitions and explanations of concepts issues and trends in grid technology provided by publisher

the complex and long drawn war between the sri lankan government and the liberation tigers of tamil eelam ltte ended with the defeat of the tigers in 2009 this book provides a military history of the conflict in tracing its evolution from a battle between a ragtag guerrilla force and a mainly ceremonial army to one between an organized guerrilla force with semi conventional capability and a state military apparatus that had morphed into a large and potent force with modern armour aircraft and naval vessels using a wide range of sources this book offers an incisive analysis of the progress and conclusion of one of the longest and most destructive wars in modern south asia comprehensive and accessible the volume will be of great interest to scholars and researchers of modern south asia especially sri lanka military history politics defence and strategic studies as well as the general reader

this book aims to expand the theoretical framework of and counter the eurocentric narratives in language policy research by comparing policies of eu and india and demonstrating the importance of taking a comparative perspective while studying language policies this book challenges the notion of macro level power in language policy research and offers evidence that in democratic frameworks macro level power is not absolute it is not uniform across policy domains but rather susceptible to pressure especially in the domains of healthcare and social welfare this book makes three important contributions to the theory of language policy by arguing for the need to reconceptualise macro level power proposing categories of differentiation as a new analytical tool for policy research demonstrating that socio political changes are reflected at the textual level this book is of interest to researchers working on language policies and those investigating language related legislation across different policy domains to practitioners and policymakers in language policy as well as to graduate students conducting comparative policy research this is a much valued and timely book making a strong case for the subject of language policy across europe and india the large comparative case studies of four distinctive states across europe and india in a simple descriptive mode makes the reading of this book enjoyable the domains of administration legislation healthcare and social welfare are undoubtedly novel ways to deal within the concept of language policy in a wider sense the author uses discourse analysis to bring out the relationship between intention explanation and

interpretation of a phenomenon like language policy and its implementation the social diversity as expressed in linguistic mapping is well captured in the novel idea of categories of differentiation both as a normative methodological tool and its historical empirical manifestation asha sarangi jawaharlal nehru university new delhi
