self love is underrated everybody looks at themselves and finds all sorts of reasons not to love what they see or they wait for someone else to give them permission to love

themselves you have to stop waiting and start doing and that takes some work self love is not something that just happens it's a creative process where you dig deep to find your own soul you have to let go of comparisons which make you feel less than and you have to see your supposed flaws as your gifts as a woman of color you think you are at the bottom of the pile but your position is unique and your differences are not your weakness they are your strength once you own that you can be unstoppable self love is a journey that starts with forgiveness and acceptance of what is then it moves on to starting your own revolution of love it's a soulful revolution where you stop judging yourself and start celebrating yourself instead you learn to question everything you have always believed about yourself you wake up you become conscious and above all self aware you learn what is important to you you decide what kind of behavior you are not prepared to accept from yourself or from others which leads to setting appropriate boundaries then you discover that loving yourself is non-negotiable and not stepping into your identity and your power is unacceptable you have no right to hide and to play it safe even though it's more comfortable and then you discover that loving yourself is hard and takes courage and commitment but you are blessed with the creative genius to shape your own world if you would just reach out and grab it with both hands click the buy button to start reading today
