how do architects use color do they adopt a different strategy or starting point for every project do they gradually cultivate individual color palettes which develop alongside their

body of built work do they utilize or are they aware of the body of theoretical work that underpins the use of color in the past and forms the basis of most of the color systems commercially available today informed by the author's thirty years in architectural practice and academia this book investigates documents and analyzes the work of a number of contemporary architects in order to respond to these questions and provide a clear reference of contemporary color use the book suggests a holistic approach to the integration of color in architecture through a series of thematic essays the text explores and reveals underlying principles in color design and application case studies include ahmm caruso st john erich wiesner and otto steidle gigon guyer o donnell tuomey sauerbruch hutton steven holl un studio the book provides clear insights into how particular contemporary architects use color confidently and intelligently as an integral part of their design philosophy in conjunction with their choices of materials and finishes offering a stimulating view of the history of color theory and pragmatic advice to practicing architects this book will be inspiring to both design professionals and students

following written in water 2002 this is the second publication devoted to steven holl's legendary watercolors four hundred watercolors represent the creative process of this renowned and influential american architect and reveal his highly personal method developed over many years containing preliminary ideas and sketches of all major projects holl is known for his sculptural architecture and his virtuosic use of light and watercolors are the ideal means to visualize these characteristic aspects of his work at a time of rapidly changing technology in the service of architectural design these watercolors become spectacular examples of a low tech method the results are invariably original works of art the water colors are juxtaposed with photographs of the built architecture and emphasize the crucial aspect of scale oclc

lighting performs essential functions in hollywood films enhancing the glamour clarifying the action and intensifying the mood examining every facet of this understated art form from the glowing backlights of the silent period to the shaded alleys of film noir patrick keating affirms the role of hollywood lighting as a distinct compositional force closely analyzing girl shy 1924 anna karenina 1935 only angels have wings 1939 and t men 1947 along with other brilliant classics keating describes the unique problems posed by these films and the innovative ways cinematographers handled the challenge once dismissed as crank turning laborers these early cinematographers became skillful professional artists by carefully balancing the competing demands of story studio and star enhanced by more than

one hundred illustrations this volume counters the notion that style took a backseat to storytelling in hollywood film proving that the lighting practices of the studio era were anything but neutral uniform and invisible cinematographers were masters of multifunctionality and negotiation honing their craft to achieve not only realistic fantasy but also pictorial artistry

the architecture of full scale mock ups looks at the theory and contemporary practice of creating full scale architectural mock ups this book serves as an introduction to the various forms of full scale mock ups which occur today to broaden the definition of mock ups nick gelpi dives deep into the use of mock ups in seven high profile and global contemporary case studies instead of the presentation drawings and final building photos the documentation of case studies relies on process photos interviews and moments of tension in the execution of each building with never before published content case studies include buildings from all over the world including the quincho tia coral and teleton building copper house ii the pérez art museum miami the cité de l océan et du surf museum and more investigating unique case studies to answer how and when full scale mock ups occur today this book is ideal for professionals and students of architecture studying materials and representation design build and professional practice
