this is the first systematic study of polish women s conversion to islam in english through
interviews with polish female converts to islam and ethnographic observation we learn about
their journey to islam in a country where muslims constitute less than 0.5% of the population and
experience daily struggles related to maintaining their national and religious identities sometimes
considered to be spoiled the analysis presented in the book illuminates different factors that
shape the converts religious lives attempts to establish polish islam with its unique cultural flavor
a new hybrid language that includes polish english and arabic elements intersectional identities
as women muslims poles and eastern european immigrants among those who live outside of
poland this study offers a fascinating window into the lives of muslims in a sociopolitical context
that is considered to be on the margins of the muslim world

bringing together the latest research with practical insights from the authors professional
experience this important book provides a context for the conversations that are needed within
organisations and offers practical guidance towards action that can be taken to improve the
working life of lgbtq employees the book begins by asking how we got here it outlines the
development of stigma towards the lgbtq community from both a historical and psychological

perspective before going on to explore the ways in which societal attitudes manifest in the work environment it then looks specifically at lgbtq experiences in the workplace covering discrimination and exclusion and their impact at both an individual and organisational level before taking an intersectional view of lgbtq identity and particularly how it interacts with race disability and age the book then provides clear and practical guidance on how to build an lgbtq inclusive workplace covering organisational policy and culture leadership and allyship throughout the authors use case studies to demonstrate how to implement policies across a range of regions and offer strategies to minimise homophobic and discriminatory attitudes taking a psychological approach to this important topic the book is essential reading for all those looking to build and sustain welcoming and inclusive workplaces across all sectors it will also be of interest to students in psychology management and human resources studying workplace attitudes and culture

from the author of the presentation of self in everyday life stigma is analyzes a person s feelings about himself and his relationship to people whom society calls normal stigma is an illuminating excursion into the situation of persons who are unable to conform to standards that society calls normal disqualified from full social acceptance they are stigmatized individuals physically deformed people ex mental patients drug addicts prostitutes or those ostracized for other reasons must constantly strive to adjust to their precarious social identities their image of themselves must daily confront and be affronted by the image which others reflect back to them drawing extensively on autobiographies and case studies sociologist erving goffman analyzes the stigmatized person s feelings about himself and his relationship to normals he explores the variety of strategies stigmatized individuals employ to deal with the rejection of others and the complex sorts of information about themselves they project in stigma the interplay of alternatives the stigmatized individual must face every day is brilliantly examined by one of america s leading social analysts

about the book robert w janek grew up with his mother father and older brother in the farm and ranch country of west texas it was a normal childhood until the late summer of 1952 when he had just turned eleven years old and was stricken with polio polio a personal spiritual journey tells the continuing story of the effects of polio on a human being what it means to go through the initial stages of hospitalization and then the life long physical social and spiritual aftermath of living with partial facial paralysis due to bulbar polio with the current resurgence of polio robert s story has also rippling and far reaching parallels and implications for others who experience any kind of visible differentness you are not alone in what you experience think and feel caretakers teachers family friends church folks employers and more can find in these pages insights regarding how best to interact with and support someone who appears a little different a heart to heart connection may well develop through these pages this inspirational read could easily be used with a group to promote discussion and a sharing of in depth experiences about the author robert with his wife jena lives in san angelo texas they have a son and daughter in law who live in vermont

handbook of cost management second edition covers all of the essential topics in cost management and accounting it includes conventional topics such as job costing and cost allocation as well as such current topics as balanced scorecard economic value added logistics and marketing cost theory of constraints inter organizational costing and the cost of quality

in this seminal new study of resilience meg jay tells the stories of a diverse group of people who have overcome trauma in their childhoods to go on and live successful lives as adults these are the supernormal who having shouldered greater than average hardship as children defy expectation and achieve better than average success as adults but how and at what cost whether it was experiencing parental divorce or growing up with an alcohol or drug abusing parent living with a parent or sibling with mental illness being bullied living in poverty being a

witness to domestic violence suffering physical or emotional neglect the people meg jay introduces us to are all survivors she explores what they have in common that made it possible for them to transcend the trauma of their early years and to build successful adult lives and she asks the questions what was the cost of developing those powers and having survived even thrived how do you go on and build a trusting fulfilled life drawing on her clinical experience with survivors of childhood trauma meg jay documents ordinary people made extraordinary by the experience of all too common trauma bringing together personal scientific and cultural knowledge jay gives a voice to the experience of the supernormal furnishes them with the tools to better understand themselves and take full advantage of their strengths and gives a window into their world for those who seek to understand them

as in the previous editions this text is intended for those physicians be they pediatrician general practitioner school physician or other who devote themselves principally to the care of children there is considerable new information and up to date references have been included the bakwins present a critical and systematic appraisal of normal and abnormal behavior in the child they have added their own evaluation of the vast literature while reporting a long and carefully documented personal experience the book presents a common sense approach and is comprehensive practical and easily read child psychiatrists in training in clinical practice and in teaching will find it of considerable value in focusing the pediatric viewpoint and in facilitating meaningful exchange in a workable language between the psychiatrist other medical colleagues and parents

ebook operations management theory and practice global edition
