primarily intended for the postgraduate students of commerce and management this compact text covers all the topics prescribed in almost all universities and autonomous institutes in india each concept is explained with the help of many real life examples from the indian context considering the fact that the understanding of the concept of strategic intent is prerequisite to the understanding of strategic

management the chapter on strategic intent is included which brings out the differences between various elements of strategic intent it also covers the current happenings in the businesses from the indian context similarly a topic on strategic choice has been discussed at length because of the fact that bcg growth share matrix and ge nine cell matrix are extremely useful in making a strategic decision in real life besides the book contains ten case studies on various topics of strategic management such as environmental appraisal critical success factors swot analysis strategic intent strategic choice business level strategy formulation and choice of growth strategy all these cases are provided with authentic industry specific data firms are chosen from different businesses thereby giving business specific flavour and a broad understanding of various business domains

microbiological matters continue to exercise considerable influence on product quality in both the pharmaceutical and medical device industries products of greater sophistication along with evolving regulatory requirements are elevating the challenges related to maintaining microbiological integrity updated to reflect technological and regulatory changes the guide to microbiological control in pharmaceuticals and medical devices second edition covers those principal aspects of microbiology that are relevant to the preformulation formulation manufacturing and license application stages involved with the production of pharmaceuticals and medical devices in recognition of the diverse disciplines involved in pharmaceutical and medical device production this work provides a brief introduction to microbiology geared towards the nonmicrobiologist covering good manufacturing practice in the control of contamination the text explores quality control the preservation of formulations and principles of sterilization including microbiological specific considerations for biotechnological products and other medical devices it also provides additional materials on package integrity and contamination risks in clean rooms the editors have produced a companion text the handbook of microbiological quality control in pharmaceuticals and medical devices see reverse which when paired with the guide offers a complete theoretical and practical treatment of microbiological control this book provides a comprehensive distillation of information concerning methodology and regulations that would otherwise remain scattered throughout the literature it allows scientists from many fields to address potential problems in advance and implement suitable strategies at the earliest stages of development

the second edition of the book encompasses two new chapters strategic cost management and business ethics a strategic financial management instrument the book being an augmented version of the previous edition equips the young managers

with the fundamentals and basics of strategic management and financial management in a cogent manner the text now provides a better orientation to the students on the topics like corporate restructuring divestitures acquisitions and mergers in the global context with the help of examples and caselets the book has been revised keeping in view the requirements of postgraduate students of management and the students pursuing professional courses such as ca mfc and cs in addition professionals working in the corporate sector may also find the book beneficial to integrate the financial management functions into business strategy and financial operations distinctive features model question papers have been appended at the end of the book better justification of topics by merging the contents wherever required theory supported with caselets inspired from global as well as indian context

the routledge handbook of punjab studies offers a comprehensive introduction to the field of punjab studies chapters cover the history politics economics culture religion and society as well as the punjab diaspora and the handbook is structured into six parts punjab partition and beyond economic development labour resources and challenges political contestations and movements cultural repositioning language literature and the arts religion caste and gender and diasporic dilemmas topics explored include migration memory anti colonialism industrialisation federalism river water disputes agriculture ecology communism conflict militancy counter insurgency poetry cinema plays music theology sexuality inequality tribal marginalisation multiculturalism diasporic homeland connections and gender based violence providing an interdisciplinary analysis by a set of international contributors this handbook will be an indispensable resource for researchers and students in the field of south asian studies in general and sikh and punjab studies in particular

nasr examines the life and thought of mawlana mawdudi one of the first and most important islamic ideological thinkers mawdudi was the first to develop a modern political islamic ideology and a plan for social action to realize his vision the prolific writings and indefatigable efforts of mawdudi s party the jamaat i islami first in india and later in pakistan have disseminated his ideas far and wide his views have informed revivalism from morocco to malaysia nasr discerns the events that led mawdudi to a revivalist perspective and probes the structure of his thought in order to gain fresh insights into the origins of islamic revivalism he argues that islamic revivalism did not simply develop as a cultural rejection of the west rather it was closely tied to questions of communal politics and its impact on identity formation discourse of power in plural societies and nationalism mawdudi s discourse though aimed at the west was motivated by muslim hindu competition for power in british india his aim

according to nasr was to put forth a view of islam whose invigorated pristine and uncompromising outlook would galvanize muslims into an ideologically uniform and hence politically indivisible community in time this view developed a life of its own and evolved into an all encompassing perspective on society and politics and has been a notable force in south asia and muslim life and thought across the muslim world

close to the turn of the century and almost 45 years after independence india opened its doors to free market liberalization although meant as the promise to a better economic tomorrow three decades later many feel betrayed by the economic changes ushered in by this new financial era here is a book that probes whether india s economic reforms have aided the development of indian muslims who have historically been denied the fruits of economic development maidul islam points out that in current political discourse the muslim question in india is not articulated in terms of demands for equity instead the political leadership camouflages real issues of backwardness prejudice and social exclusion with the rhetoric of identity and security historically informed empirically grounded and with robust analytical rigour the book tries to explore connections between multiple forms of muslim marginalization the socio economic realities facing the community and the formation of modern muslim identity in the country at a time when post liberalization economic policies have created economic inequality and joblessness for significant sections of the population including muslims the book proposes working towards a radical democratic deepening in india
