each section begins with a clear overview of the key points of the law before fully explaining and illustrating the topic through substantial case extracts and further commentary book jacket

richard kidner's established casebook on torts is an essential casebook for students of tort law the case selection for this book has been based upon the standard cases and the extracts outline the reasoning behind each case decision

this is the new edition of the well established and widely recommended textbook on the law of torts by professor michael jones the eighth edition offers concise yet comprehensive and accurate coverage and provides detailed analysis that encourages an in depth understanding of this core area of law

gives a clear account of the most recent arguments commonly used by the courts and how they are developing from case to case

the essential companion for undergraduate tort law students providing a comprehensive portable library of leading tort cases horsey rackley bring together a range of carefully edited extracts combined with insightful commentary questions and annotated cases to help students identify and analyse the key elements of a case

bachelor of law law of torts book 3 this book provides a comprehensive and analytical study of the law of torts covering essential principles doctrines and landmark case laws written in a clear and structured manner it helps law students understand both theoretical and practical aspects of tort law the book is well suited for ll b students competitive examinations and legal reference

tort law is a core element of every law degree in england and wales unlocking torts will ensure you grasp the main concepts with ease this book explains in detailed yet straightforward terms negligence and negligence related torts including occupiers liability and employers liability land based torts such as trespass nuisance and rylands v fletcher liability for animals torts relating to goods trespass to the person defamation and other torts relating to reputation economic torts breach of a statutory duty vicarious liability defences and remedies the fourth edition is fully up to date with the major recent cases including major developments in vicarious liability it also includes changes after the defamation act 2013 the unlocking the law series is designed specifically to make the law accessible each chapter opens with a list of aims and objectives contains activities such as quick quizzes and self test questions key facts charts to consolidate your knowledge and diagrams to aid learning cases and judgments are prominently displayed as are primary source quotations summaries help check your understanding of each chapter there is a glossary of legal terminology new features include problem questions with guidance on answering as well as essay questions and answer plans plus cases and materials exercises all titles in the series follow the same formula and include the same features so students can move easily from one subject to another the series covers all the core subjects required by the bar council and the law society for entry onto professional qualifications as well as popular option units the series website unlockingthelaw.co.uk provides free resources such as multiple choice questions key questions and answers revision mp3s and cases and materials exercises

this essential text on the law of torts provides law students and practitioners with a comprehensive and detailed overview of the subject with carefully selected cases and insightful commentary by two leading legal scholars this book is an indispensable resource for anyone seeking to understand tort law this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this casebook strives to invigorate the study of intentional torts by going beyond the traditional personal injury approach in a number of ways the book provides cases that put old torts in new contexts raising interesting and exciting questions for example looking at environmental litigation and discrimination the book offers a detailed look at economic torts in the basic intentional torts section including the tort of intentional interference with contractual and economic relations which almost all students will encounter in whatever field of practice e g corporate entertainment public interest they ultimately choose negligence is critiqued from feminist economic and other perspectives the new edition incorporates newly adopted restatement of torts third subjects including intentional torts economic torts malicious prosecution and abuse of process we also include new cases and notes addressing liability for failure to protect from covid infection covid causation issues and the interplay between covid liability and workers compensation in addition the new edition includes a major election fraud defamation case prominent defamation litigation addressing sexual assault a fraudulent misrepresentation civil case against former president trump and discussion of fossil fuel corporations potential liability for global warming we have included a variety of new defamation and privacy cases and a nuisance claim against pharmacies for potential contribution to the opioid crisis cases have been selected for their teachability and stimulation for students notes are straight forward to allow professors freedom to focus on policy concerns

this is the 2025 paperback printing of the casebook published in 2020 to see the hardcover version please [click here](#) unlike many textbooks the modern law of torts takes a very different approach to the role of cases each chapter starts with and includes throughout significant narrative explanations laced with illustrations and guidance rather than simply relying on a set of edited cases learning goals and outcomes are expressed for each chapter followed by a clear pattern of assignments and problems that track those goals cases almost all of which are recent are included as illustrations of application to expose dilemmas or problematic aspects of the doctrine and as the means for problem solving students are expected to use the cases to problem solve not simply read them to learn the rules the book also takes a more practice orientated approach than most presenting frequent practical information and periodic practice oriented exercises a wealth of problems and formative assessment tools both simple and complex appear throughout each chapter finally the book is designed around the idea that effective learning especially in law school involves a progression developing higher level thinking skills while simultaneously learning and understanding an intricate web of substantive rules is best accomplished by starting with what is basic and clear before progressing to the more complex and nuanced

excerpt from illustrative cases on torts a companion book to chapin on torts about the publisher forgotten books publishes
