this book is a quick and accessible reference guide to the key concepts that social work students and professionals need to understand to be effective the authors place practice at the centre of the text and include a host of case examples to bring the concepts to life examining the essential topics of the social work curriculum the concepts covered relate to practice theory policy and personal challenges further reading is

included in each entry so that the reader can explore what they have learned in more detail this book will be an invaluable resource for social work students during their studies and on their practice placement it will also be useful for qualified social workers who want to continue their professional education

this workbook provides ideal preparation for students wanting to become self aware and self evaluative before moving into practice for the first time

social work practice in health care settings is written by social work practitioners for colleagues in health care settings it is aimed at teaching social workers how to survive in a rapidly changing health care system the text emphasizes the role of the social worker in a variety of health care settings with a variety of unique patient disease groups from community health centres to hospitals and from cancer patients to alzheimer s victims this book brings together for the first time the special expertise of social work in responding to various health care needs one unique feature of this text is the emphasis on the potential for social work role development in each of the particular areas covered with each article written in a standardized format it is appropriate for both undergraduate and graduate courses in schools of social work as well as for social work practitioners in the field and allied health professionals

i can say without equivocation this text is without doubt the best book about social work i have read chris beckett explores the purpose values activities and theories of social work in an ever changing social context that is clearly identified and examined stephanie petrie university of liverpool every day social workers face decisions that will significantly impact others lives and it is essential that these practical assessments are supported by a sound understanding of social work theory in this innovative and highly accessible textbook chris beckett explains how an understanding of these theoretical issues can improve the knowledge and skills base of professional practice essential theory for social work practice is an engaging and readable text with a distinctively realistic and honest approach to the realities of everyday practice framed in a comprehensive and logical structure part 1 establishes what social workers do and the tools they need part 2 considers how to assess handle and support change in others part 3 explores the wide range of roles that social workers must fulfil part 4 strengthens these links between theory and practice exercises case examples chapter summaries and practice notes are used to great effect in each chapter enabling students to apply theory to practice as they progress through the book the book is an invaluable core text for all undergraduate social work students and offers excellent support for practitioners in their every day practice

principles of social work practice is the first textbook to deal exclusively and thoroughly with the significant principles of social work

practice and methods that integrate these principles into the common base of practice you will learn from case examples how to apply crucial ethical personal and methodological principles to different practice areas as you increase your understanding of the nature of professional social work and the essence of its value base and code of ethics you also learn to develop approaches to social work practice that are sensitive to a multicultural clientele you will leave this book with useful skills and a flexibility that allow you to work not only with individuals but also with families couples groups organizations and communities as you read principles of social work practice you will heighten your sensitivity to the professional worker client relationship and its role as a primary instrument of positive change using this book as a guide you can develop your own strategies for facilitating change and growth that will result in the satisfaction of long term personal and social goals simultaneously you will build a framework for social work practice that has at its foundation a strong sense of individual worth and dignity a unique combination of theory and practice readers gain insight into confidentiality the nonjudgmental attitude controlled emotional involvement self determination respect for the individual empowermentprinciples of social work practice illustrates for advanced undergraduates and graduate students how to effectively intervene in the conflicts that evolve between clients needs for well being and development and the demands or restrictions of public attitudes or social policy you will sharpen your skills and construct indispensable methods for helping individuals establish vital links with their communities

this bestselling book will take you step by step through the four main aspects of social work practice assessment planning intervention and review giving you a complete foundation in each it will introduce you to each process in a clear and accessible way supporting you to both reflect on and apply what you have learnt in practice across settings and service user groups the book will provide you with a theoretical foundation from which you can explore other aspects of social work new to the fifth edition an ethnographic approach to social work focus on relationship and resilience revised exploration of the political context of social work updated emphasis on social justice and human rights

introducing the concept of observation to social work students can be a complex and challenging task assessing their observation skills and assignments can be even harder especially if much of this work takes place implicitly throughout their training and placements this book will help students to grasp the fundamentals of social work observation from the theories and methods to how these can be demonstrated in everyday practice skills are covered throughout as well as effective observation work with different client groups and in different settings the authors argue that an observant social worker is an effective and resilient one and demonstrate this through case study material and research summaries

this very practical guide will teach students everything they need to know to successfully apply theory methods and approaches in real life practice it will assist in developing and hone their skills to make the best start in their practice placement and beyond as a newly qualified practitioner to get the most out of this book visit the companion website at study.sagepub.com/rogers2e to find journal articles templates how to guides and brand new videos with discussion questions and a glossary

revised edition of the authors research for effective social work practice 2013

skills lie at the heart of all actions of a social worker and inform all aspects of practice from drawing on vital theoretical and ethical frameworks to applying the law and research findings to particular situations this user friendly and logically organised text book brings together in one place all the vital skill sets which students need to acquire in order to qualify as social workers it reflects current practice frameworks and addresses a wide range of skills including communication and relationship building professional writing ethical practice assessment and reflection his engaging and practical book is essential reading for social work students taking skills and practice modules as well as being a critical tool for practitioners looking to enhance their skills in social work practice

it is vital that social workers have a deep and critical understanding of the social work value base and are able to analyse and apply values

and ethics to their everyday practice this fully revised edition of one of our best selling titles identifies current issues in social work and then applies an ethical dimension these issues are then investigated further within an anti discriminatory framework and against the background of the code of practice for social care workers and employers traditional value perspectives are clearly explained and current developments in virtue theory and the ethics of care for social work are also introduced

replete with numerous diagrams charts tables and exercises the second edition of social work practice a systems approach brings alive the systems model of social work practice this user friendly guide will allow you to integrate micro and macro modes of intervention sensitize your practice enhance your conflict resolution skills and analyze system environment structures and currents with its outline of a one semester master s level course in systems analysis and its discussion of the 20th century paradigm shift from reductionism to wholeness social work practice a systems approach second edition will be a great asset to social workers both within and beyond the classroom

social work skills are essential to good practice and more important than ever following changes to the social work curriculum students must be able to demonstrate knowledge of core skills within policy law as well as demonstrating empathy and good communication this fully revised student guide previously published as social work skills with adults will help to cement these skills and includes chapters on intervention empowerment and advocacy skills for collaborative working self presentation and much more this book will equip social work students with the skills to meet the new and perennial challenges to achieving empowering practice with carers and people who use services there are chapters on working with families communities and individuals and how social policy affects all of these groups case studies and reflective exercises are used throughout to explore these issues and help link theory to practice

a lifespan approach presenting evidence informed interventions for working with individuals and families social work practice with individuals and families covers assessment of and intervention with children adolescents adults the elderly and families it offers an array of pedagogical features within each chapter as well as online resources and review questions at the conclusion of each chapter to help guide critical thinking about topics reflecting the current state of evidence informed social work practice each chapter s contributors emphasize the incorporation of wider forms of systematically collected data such as case studies best or promising practices and consumer focused data reading this book will not only give readers the tools to work effectively with individuals and families but also develop their skills in evidence informed practice comprehensive and insightful social work practice with individuals and families is a student and practitioner friendly text identifying the best assessment tools and strategies available for social workers to successfully serve individuals and families facing a broad range of challenges

social work practice synthesizes the latest theories and research findings in social work and related fields and demonstrates how this information is used in working with clients because the interview is the medium in which much of social work practice takes place learning the processes and skills to conduct a productive interview is a critical part of social work education

this is the ebook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book emphasizes the different techniques needed for successful social work practice this title is also available as a more affordable e book with embedded media to illustrate key concepts techniques and guidelines for social work practice 10 e demonstrates the unique place of social work among the helping professions readers will gain insight into the social worker s professional roles guiding principles and the importance of evidence based practice this title provides students with easy access to the most current information on fundamental techniques and useful guidelines for social work practice from the generalist perspective the 10th edition introduces 12 new techniques or guidelines corresponding to the national social work licensing examinations and the council on social work education s list of essential practice behaviors techniques and guidelines for social work practice is broken into five parts parts i and ii provide knowledge values and competencies for effective social work practice while parts iii through v contain 154 clear and readable descriptions of practice techniques presented in a handbook format for convenient accessibility of information
