the essence of ascent of the mountain flight of the dove remains intact its vision of religious studies as sustained reflection on our lifelong voyage to discover who we are the story we choose for ourselves the story we live can sacralize or secularize our lives and our world by the way in which we choose to relate to it with this awareness of the story dimension of life

ascent of the mountain flight of the dove opens us to awe reverence and wonder at the risks and possibilities of human freedom this book is even more important than it was thirty years ago we need religion to strike deeply into the self away from public glare unless americans become more sophisticated about the language of the self inner life will shrivel in addition our people will continue to be vulnerable to fundamentalist movements such movements take over too many innocents they promise and sometimes deliver a touching happiness but they do so by closing the spirit in a powerful and dangerous way families and schools do not provide a large and critical vocabulary by which to express the inner longings of the spirit the souls of many are parched and they gladly accept water any water from those who offer it the liberation of the religious spirit from trivial closed and simplistic systems of thought can only be achieved through the development of a critical language exercises and disciplines that open rather than close the mind that lead to higher viewpoints breakthroughs and new syntheses in a constant enlargement of spirit novak's book leads us to that place

they were foot soldiers and officers they served in the regular army and the waffen ss and remarkably they were also jewish at least as defined by hitler's infamous race laws pursuing the thread he first unraveled in hitler's jewish soldiers bryan rigg takes a closer look at the experiences of wehrmacht soldiers who were classified as jewish in this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing as many as 150 000 jews and partial jews or mischlinge served often with distinction in the german military during world war ii the men interviewed for this volume portray a wide range of experiences some came from military families some had been raised christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families the interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the nazi years and afterward and their sobering reflections on religion and the holocaust including what they knew about it at the time rigg relates each individual's experiences following the establishment of hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even aryanized as part of hitler's effort to retain reliable soldiers including field marshal erhard milch three star general helmut wilberg and naval commander bernhard rogge chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances lives of hitler's jewish soldiers deepens our understanding of the complex intersection of nazi race laws and

german military service both before and during world war ii

the essence of ascent of the mountain flight of the dove remains intact its vision of religious studies as sustained reflection on our lifelong voyage to discover who we are the story we choose for ourselves the story we live can sacralize or secularize our lives and our world by the way in which we choose to relate to it with this awareness of the story dimension of life ascent of the mountain flight of the dove opens us to awe reverence and wonder at the risks and possibilities of human freedom this book is even more important than it was thirty years ago we need religion to strike deeply into the self away from public glare unless americans become more sophisticated about the language of the self inner life will shrivel in addition our people will continue to be vulnerable to fundamentalist movements such movements take over too many innocents they promise and sometimes deliver a touching happiness but they do so by closing the spirit in a powerful and dangerous way families and schools do not provide a large and critical vocabulary by which to express the inner longings of the spirit the souls of many are parched and they gladly accept water any water from those who offer it the liberation of the religious spirit from trivial closed and simplistic systems of thought can only be achieved through the development of a critical language exercises and disciplines that open rather than close the mind that lead to higher viewpoints breakthroughs and new syntheses in a constant enlargement of spirit novak's book leads us to that place

louis fisher chronicles the capture trial and punishment of the nazi saboteurs in order to examine the extent to which procedural rights are suspended in time of war one of america's leading constitutional scholars fisher analyzes the political legal and administrative context of the supreme court decision *ex parte quirin* 1942 reconstructing a rush to judgment that has striking relevance to current events fisher contends that the germans constitutional right to a civil trial was hijacked by an ill conceived concentration of power within the presidency overriding essential checks from the supreme court congress and the office of the judge advocate general his book provides a cautionary tale as our nation struggles to balance individual rights and national security book jacket

every autumn readers of short stories eagerly look forward to the chance to discover their favorite writers and new talents in this preeminent anthology of short fiction this year's edition features works by don delillo ellen gilchrist thom jones joy williams stephen dobyns kate braverman jamaica kincaid and many others expect to be entertained provoked astonished san diego tribune

on the murderous road to racial purity hitler encountered unexpected detours largely due to

his own crazed views and inconsistent policies regarding jewish identity after centuries of jewish assimilation and intermarriage in german society he discovered that eliminating jews from the rest of the population was more difficult than he d anticipated as bryan riggs shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the german military contrary to conventional views riggs reveals that a startlingly large number of german military men were classified by the nazis as jews or partial jews mischlinge in the wake of racial laws first enacted in the mid 1930s riggs demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals as riggs fully documents for the first time a great many of these men did not even consider themselves jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived german nation in turn they had been embraced by the wehrmacht which prior to hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers the process of investigation and removal however was marred by a highly inconsistent application of nazi law numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse hitler s own signature can be found on many of these exemption orders but as the war dragged on nazi politics came to trump military logic even in the face of the wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the third reich based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred mischlinge and their relatives riggs study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of hitler s rule

when the german wehrmacht swarmed across eastern europe an elite corps followed close at its heels along with the ss and gestapo the ordnungspolizei or uniformed police played a central role in nazi genocide that until now has been generally neglected by historians of the war beginning with the invasion of poland the uniformed police were charged with following the army to curb resistance pacify the countryside patrol jewish ghettos and generally maintain order in the conquered territories edward westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the third reich s political and racial enemies in hitler s police battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought to uncover the story of how the german national police were fashioned into a corps of political soldiers westermann reveals initiatives pursued before the war by heinrich himmler and kurt dalwege to create a culture

within the existing police forces that fostered anti semitism and anti communism as institutional norms challenging prevailing interpretations of german culture westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged purged of dissidents indoctrinated to idolize hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against jews slavs gypsies asocials and other groups on their own initiative even when they had the choice not to in addition to documenting these atrocities westermann examines cooperation between the ordnungspolizei and the ss and gestapo and the close relationship between police and wehrmacht in the conduct of the anti partisan campaign of annihilation throughout westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups it was the organizational culture of the uniformed police he maintains and not german culture in general that led these men to commit genocide hitler s police battalions provides the most complete and comprehensive study to date of this neglected branch of himmler s ss and police empire and adds a new dimension to our understanding of the holocaust and the war on the eastern front

famous americans share their favorite bible story its meaning to them and the impact it has had on their lives contributors include mark victor hansen mister rogers dale evans jack lalanne and zig zaglar

in 1940 the us army signal intelligence service broke the japanese diplomatic code in 1975 oshima hiroshi japan s ambassador to berlin during world war ii died never knowing that the hundreds of messages he transmitted to tokyo had been fully decoded by the americans and whisked off to washington providing a major source of information for the allies on nazi activities

eyewitness account of berlin in wartime before american entry into the war

an animated adaptation of the story of the same title by maurice sendak in which a small boy makes a visit to the land of the wild things tells how he tames the creatures and returns home for primary grades

could the allies have prevented the deaths of tens of thousands of holocaust victims inspired by a conference held to mark the opening of the us holocaust memorial museum this book brings together the key contributions to this debate

thirteen essays treat children from the pre civil war generation to 1950 as active influential participants in society the essays are organized into four topics cultural and regional

variation toys and play family life and the ways evolving memories of childhood shape how adults think of themselves
