this contribution to the new international commentary on the new testament is a revision of robert mounce s original entry on the book of revelation and reflects more than twenty additional years of mature thought and the latest in scholarship

the book of revelation holds a special fascination for both scholars and the general public the book has generated

widely differing interpretations yet revelation has surprisingly not been the focus of many single volume reference works the oxford handbook of the book of revelation fills a need in the study of this controversial book thirty essays by leading scholars from around the world orient readers to the major currents in the study of revelation divided into five sections literary features social setting theology and ethics history of reception and influence and currents in interpretation the essays identify the major lines of interpretation that have shaped discussion of these topics and then work through the aspects of those topics that are most significant and hold greatest promise for future research

john phillips writes with enthusiasm and clarity cutting through the confusion and heretical dangers associated with bible interpretation moody magazine

general and scholarly interest in revelation has never been greater this is a specially commissioned set of state of the art studies on the most important aspects of revelation and its significance for the 21st century by the world s leading scholars the studies can be grouped in relation to three main themes strategies of interpretation theological literary feminist metaphorical the nature of the violent imagery and passages of particular interest the letter to laodicea praise and politics old testament allusions the second coming of christ this book will provide an invaluable resource for researchers and students alike

biblical prophecy of the past today the near future and eternity what the church and the world would look like in this end time book of revelation from chapter to chapter explained for example the following descriptions can be well understood the world is divided into two the block of the western countries and the block of the dictator countries the world economy will stagnate so much that a collapse will inevitably occur all the nations of the world will together attack jerusalem and israel god will allow the fire baptism of the earth what will also solve the climate crisis

revelation is about the resurrected christ his church and the world more than any other prophetic book of the bible the prophecies of revelation are presented in symbolic form that is pictures rather than words are used to convey the message this is why this book is somewhat difficult to understand the pictures have to be interpreted these amazing symbolic pictures like the parables both reveal and conceal thus the book of the revelation is not so clear that everyone can see the meaning and understand it immediately but as will be discovered the pictures have an ascertainable

meaning a meaning which is based on the previous books of the bible it should be mentioned at the outset that some pictures have more than one meaning that is they are composite where this is so all the meanings are valid and must be held together another remarkable fact must be stated unlike any other book of the bible revelation in an amazing way sums up all that has gone before in both old and new testaments in other words it sums up all the other books of the bible revelation is in truth the final book of the bible and so every thread which runs through the scriptures is not only picked up but tied into a final knot in this amazing book

revelation meaning the greek word apocalypse to reveal to uncover and to unveil who is god speaking to in the book of revelation are we living in the days that the book of revelation is talking about the next greatest event on god's calendar is about to come to pass prophecy is history written before hand revelation is history in reverse this book is simply the effort to eliminate the fears and misunderstanding of the concept of the book of revelation people say that the book of revelation cannot be understood and in essence do not attempt to read it god meant for us to understand the book of revelation and he had to have it written so that it would be applicable to the people four thousand years ago as well as the people of today when you are writing about something in the future events technology and things will change so you would have to write it in a way that it could be for all times it is called revelation because god therein discovers those things which could have never been sifted out by the reasoning of human understanding these are the deep things of god which no man knows but the spirit of god and those to whom he reveals them to i am a servant in the ministry of the lord jesus christ i am deeply indebted to all who have laid the foundation before me i have sought to give credit to whom credit is due this book reflects the toils and tears of writers whose efficiency and eloquence have inspired me it is my desire and endeavor to inspire others to explore in the reading of the scriptures may the grace of our lord and savior jesus christ and the sweet communion of the holy spirit rule rest and abide from henceforth and forever more amen evangelist linda

some christians say revelation is a closed book and not meant for human understanding actually the word revelation means unveiling and the first chapter of revelation promises a blessing to all who read and take it to heart other readers study revelation over and over but end up confused about all the beasts scrolls trumpets and angels the truth is that revelation is the story of jesus christ from beginning to end and we need to understand the plot of that story before sorting out the details a few preachers even use the newspaper to interpret revelation equating each symbol with a

specific event in yesterday's news actually revelation is best interpreted using the bible itself you can learn to understand prophecy for yourself all you need is a safe method of bible study and the guidance of the holy spirit once you grasp the basic method we'll use those tools to walk through the central portion of revelation which deals with earth's final crisis just before the second coming of Jesus you may have to re-think everything you thought you knew about interpreting prophecy but you'll know that you stand on the firm footing of God's word open your bible and join us for the journey

for nearly 2 000 years the book of revelation has been viewed as the most difficult book in the bible the hundreds of commentaries in the library of congress testify that there is no unanimity about the meaning of the symbols of revelation and yet this is the only book in the bible where a special blessing is pronounced on its readers it's a book from Jesus Christ about himself his gospel the future and what will happen to the saints at the end of time Desmond Ford's introduction to the book of revelation is the fruit of decades of study plus research at the university of Manchester under professor F F Bruce Ford offers a much neglected key this sacred book can only be unlocked by understanding the preceding 65 books of the bible and in particular the life teachings and death of Jesus the main message of revelation is that the church is to repeat the experience of its Lord after its final proclamation of the gospel it will be condemned to martyrdom and this climactic sin of the world will precipitate the return of Christ in glory

have you tried to read revelation and felt totally lost mystified by its riddles and confused by strange images those mystifying symbolisms are enough to keep even the serious prophecy readers confused don't give up there is hope this is a simple easy to understand outline study of this prophecy it takes each chapter verse by verse explaining in a simple easy to read version this book of revelation is designed to assist those who have an interest in the study of revelation and to prepare them for a deeper study in bible prophecy many unanswered questions you may have are explained in a simple way when will the rapture occur in relation to revelation how will the rapture take place what is the judgment seat of Christ and when is it going to occur if you died today will you have a body in heaven there are special chapters dedicated to the rapture Lucifer in the beginning and are you ready for the rapture

all things new is not just another book on bible prophecy are we the terminal generation are we the generation of mankind that will see the fulfillment of its prophecies this book answers those questions the book of revelation needs to

be engaged more now than in any era of human history however many recent books on the subject of revelation take a much too scholarly approach to a book that was written to be understood by the common man all things new is a verse by verse commentary guide for the christian or non christian reader who may simply want to know what the book of revelation is all about and what its significance is for us today included are definitions of the basic terms related to the church and christianity that a non believer might not understand but are necessary for a clear comprehensive understanding of revelation this book is not just about scary beasts incomprehensible images and mind boggling catastrophes and judgments its also a book of vindication for the people of god a demonstration of god s eternal justice and most importantly a book of hope for a world that seems to have lost its way there are storm clouds on the horizon and a cold night of despair will follow but the night is never so cold as just before the dawn may everyone who reads this book find joy peace and tranquil hope for the future in the person of jesus christ a new day is coming and a new world will dawn in which god will indeed make all things new to read a kirkus review for this book copy and paste this address into your browser [kirkusreviews.com book reviews tim snider all things new snider review](http://kirkusreviews.com/book-reviews/tim-snider/all-things-new-snider-review)

centuries before anyone could make sense of these fantastic warnings the prophets declared that the mysteries of revelation would not be understood until the last days verse by verse and chapter by chapter jack van impe reviews john s portrait of history s final claims

the book of revelation contains some of the most difficult passages in scripture grant osborne s commentary on revelation interprets the text while also introducing readers to the perspectives of contemporary scholarship in a clear and accessible manner osborne begins with a thorough introduction to revelation and the many difficulties involved in its interpretation he discusses authorship date of writing and the social and cultural setting of the work he also examines elements that complicate the interpretation of apocalyptic literature including the use of symbols and figures of speech old testament allusions and the role of prophetic prediction osborne surveys various approaches commentators have taken on whether revelation refers primarily to the past or to events that are yet future rather than exegeting the text narrowly in a verse by verse manner osborne examines larger sections in order to locate and emphasize the writer s central message and the theology found therein throughout he presents his conclusions in an accessible manner when dealing with particularly problematic sections he considers the full range of suggested interpretations and introduces the reader to a broad spectrum of commentators revelation seeks to reach a broad audience with scholarly research

from a decidedly evangelical perspective

do you want to know what the future holds the final book of the bible is both fascinating and controversial it leaves some awed and others uncomfortable so many find its mysteries hard to fathom what does it all mean if you would like to know more than just bits and pieces of god s plans for the future pastor skip heitzig is your guide to gaining a fuller understanding of the book of revelation you will explore everything from the rapture to christ s eternal kingdom and gain a deeper appreciation for the majesty and power of god examine all the key events that will take place in the last days discover how god s plans for the future apply to you right now learn how to be ready for christ s return as you study bible prophecy and learn how god s plans will unfold you ll find yourself living in greater anticipation of all that is to come

interpretations of the book of revelation abound one view suggests that the book indirectly describes events in john s own time another interpretation sees revelation as a prophetic survey of the history of the church still another views the book as a precise prediction of the end of the world the trouble with all three argues ramsey michael is that they make the revelation of john irrelevant to christians throughout much of history failing to take seriously what john saw such interpreters fail to comprehend the value of revelation to christians in any age michael restores revelation to its rightful status as a prophetic letter of testimony a testimony as relevant to the church today as it was in john s day in this stimulating pastorally oriented commentary readers will find an introduction with background material concerning authorship date and purpose as well as a summary of important theological themes a passage by passage exposition follows that focuses on what john had to say to his original readers in order to see the relevance of his book for the church today
