this book explores solutions to the problems of inconsistency and even exploitation of the term ecotourism through examples case studies and a discussion of quality control and certification the first part of the book chapters 2 8 moves the reader through the spectrum of quality assurance tools from what are perceived to be the least rigorous and effective awards of excellence and codes of conduct to more formal credible and effective methods certification and accreditation with a brief foray into using indicators to measure and monitor effectiveness the second part chapters 9 23 looks at a range of ecotourism stakeholders perspectives with an emphasis in one way or another on various industry certification programmes a concluding chapter explores the challenges and issues for quality in ecotourism the book has a glossary and a subject index

bottleneck n a person who advocates for the creation or perpetuation of government regulation particularly an occupational license to restrict entry into his or her occupation thereby accruing an economic advantage without providing a benefit to consumers the left right and center all hate them powerful special interests that use government power for their own private benefit in an era when the left hates fat cats and the right despises crony capitalists now there is an artful

and memorable one word pejorative they can both get behind bottlenecks a bottleneck is anyone who uses government power to limit competition and thereby reap monopoly profits and other benefits bottlenecks work with politicians to constrict competition entrepreneurial innovation and opportunity they thereby limit consumer choice drive up consumer prices and they support politicians who willingly overstep the constitutional limits of their powers to create maintain and expand these anticompetitive bottlenecks the institute for justice s new book bottlenecks coins a new word in the american lexicon and provides a rich history and well researched examples of bottlenecks in one occupation after another from alcohol distributors to taxicab cartels pointing the way to positive reforms

this book looks at the relationship between questions of identity formation and modern practices in travelling and tourism unprecedented levels of mobility and international exchange over the last 100 years have raised questions about the stability of national and personal identities and new and creative patterns of behaviour and self realisation are now emerging due to the enormous commercial interests that lie behind the modern travel and tourism industries the volume will consider these issues and the challenges they create in various geographical contexts germany spain romania italy africa and concludes with a number of case studies from the portuguese context where the revenues from tourism are integral to its economy and a lifeline in the current economic crisis
