strengthening the governance of skills systems lessons from six oecd countries provides advice on how to make the governance of skills systems effective building on the oecd skills strategy 2019 which identified four main challenges of skills systems governance the report presents examples of how six different countries estonia germany korea norway portugal and the united states have responded to one or several of these challenges

this book brings together a broad range of approaches and methodologies relevant to international comparative vocational education and training vet revealing how youth in transition is affected by economic crises it provides essential insights into the strengths and weaknesses of the various systems and prospects of vet in contexts ranging from north america to europe e g spain germany or the uk to asia such as china thailand and india though each country examined in this volume is affected by the economic crisis in a different way the effects are especially apparent for the young generation in many countries the youth unemployment rate is still very high and the job perspectives for young people are often limited at best the contributions in this volume demonstrate that vet alone cannot solve these problems but can be used to support a smooth transition from school to work if the quality of vet is high and the status and job expectations are good vet can help to fill the skills gap especially at the intermediate skill level furthermore vet can also offer a realistic alternative to the university track for young people in many countries

since the dawn of civilization humans were selected allocated and organized based on their skills and job criteria today the role of human resources hr professionals goes beyond recruitment and management of human capital human resource planning for the 21st century tackles the current trends of human resource management hrm and human resource planning while highlighting certain roles that hr professionals are involved in human resource planning for the 21st century explores hrm systems and their roles within

this book constitutes the proceedings of the 17th ifip wg 11 12 international symposium on human aspects of information security and assurance haiss 2023 held in kent united kingdom in july 2023 the 37 full papers presented in this volume were carefully reviewed and selected from 54 submissions they are organized in the following topical sections education and training management policy and skills evolving threats and attacks social technical factors and research methods

sun tzu author of the art of war believed that the acme of leadership consists in figuring out how to subdue the enemy with the least amount of fighting a fact that america's founders also understood and practiced with astonishing success for it to work however a people must possess both the ability and the willingness to use all available instruments of power in peace as much as in war us foreign policy has increasingly neglected the instruments of civilian power and become overly dependent on lethal solutions to conflict the steep rise in unconventional conflict has increased the need for diplomatic and other non hard power tools of statecraft the united states can no longer afford to sit on the proverbial three legged national security stool military diplomacy development where one leg is a lot longer than either of the other two almost forgetting altogether the fourth leg information especially strategic communication and public diplomacy the united states isn't so much becoming militarized as decivilianized according to sun tzu self knowledge is as important as knowledge of one's enemy if you know neither yourself nor the enemy you will succumb in every battle alarmingly the united states is deficient on both counts and though we can stand to lose a few battles the stakes of losing the war itself in this age of nuclear proliferation are too high to contemplate

gender mainstreaming in skills development guidance paper and tools aims to harness the transformative potential of gender mainstreaming in skills development by taking a holistic approach involving guidance and good practices at the policy sector and implementation levels the guide explores potential opportunities for gender mainstreaming in skills development in india one of the world's fastest growing economies and home to a large youth population

find the winners avoid the losers and build a solid tech portfolio for the long run with proven methods from legendary analyst mark mahaney the tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years sure things can become sore things very rapidly nothing but net provides the knowledge and insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively famous for his smart savvy and unique approach to tech stock investing mark mahaney provides his 10 proven rules for succeeding as a long term tech stock investor explaining everything he's learned during almost 25 years of analyzing internet stocks including why revenue growth and customer metrics not earnings are what matter most to tech investors how to invest not trade in the great growth opportunities that lie ahead how to determine when high valuations are a warning sign and when they signal an opportunity i've watched the rise of some of the leading companies of today facebook amazon netflix google and the fall of some of the leading companies of yesterday yahoo ebay and aol mahaney writes figuring out which companies really are going to be dominant franchises is an extremely hard thing to do but those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation nothing but net provides powerful advice for the next two decades lessons you can start applying today and use for years to come

bachelor thesis from the year 2020 in the subject pedagogy school system educational and school politics grade 2 Öbv pädagogische hochschule wien language english abstract in dieser arbeit soll herausgefunden werden ob die einföhrung einer bilingualen volksschule für alle kinder sinnvoll wäre english ist heutzutage eine der wichtigsten sprachen der welt da es kindern besonders leicht fällt neue sprachen zu lernen ist es sinnvoll so früh wie möglich damit zu beginnen außerdem legt die eu besonders großen wert darauf dass jedes eu mitglied mindestens zwei weitere sprachen die in der eu gesprochen werden beherrscht in österreichischen volksschulen wird english als verbindliche Übung unterrichtet in der ersten und zweiten schulstufe sollen insgesamt 32 jahresstunden english unterrichtet werden ab der dritten schulstufe gibt es eine festgelegte wochenstunde english obwohl es viele gründe gibt warum es sinnvoll ist die kinder beim englischerwerb zu unterstützen wird dies in österreichischen schulen immer noch nicht angemessen verwirklicht when you take a closer look you realize that five out

of the eight austrian neighboring countries have another official language than german knowing that there are 24 official languages in europe it is obvious that the eu wants its citizens to learn as many languages as possible english is a universal language which is used to communicate with people who do not speak each other s first languages being able to speak english is a skill which is not only helpful to have a successful school career but to have success in life elementary schools are primarily responsible to introduce and teach english to all children most bilingual elementary schools are run completely or partly private which makes it impossible for families with lower incomes to enroll their children in these private bilingual schools wouldn t it be great if every child in austria could get an education in both english and german in their public elementary school

lesson plan from the year 2018 in the subject didactics for the subject english grammar style working technique grade 1 2 university of potsdam institut für anglistik und amerikanistik course games and activities in the primary efl classroom language english abstract early foreign language learning often challenges both pupils and teachers reasons for this are for example that many teachers are non specialists or follow strictly the content of the curriculum or the teaching materials and therefore do not make the teaching varied as a result pupils are less motivated and do not get involved in learning however by formulating clear learning goals and using appropriate learning methods correctly and in a variety of ways lessons can be designed to make both pupils and teachers feel comfortable and work together to achieve goals this essay wants to show that the chosen method of movement can help in the process of vocabulary learning to illustrate this a lesson plan was created focusing on movement and vocabulary learning the essay is structured as follows first it explains exactly what movement means in language teaching and learning and how it can be used effectively therefore potential and limits will be considered afterwards the goal of vocabulary learning will be explained for both emphases a connection will be established that is substantiated by the contents of the framework curriculum in the following discussion the content and structure of the lesson plan are explained and reasoned during this presentation another focus is on the use of different principles of early language learning and the use of differentiation in language teaching finally in the conclusion the most important arguments of the essay for the named learning goal and the method will be summarized
