do you need good leaders to achieve good quality or does good quality create good leadership
quality is a term frequently used to describe early years provision without any further explanation of exactly what this quality provision looks like or how it can be achieved this book not only unpicks what is meant by the term quality in england across the uk and beyond but it does so in the context of how to lead in order to develop and achieve quality in exploring quality and leadership and the ways in which both terms have been conceptualised from a range of different perspectives you will be able to find a meaning that is right for you and your practice with chapters covering the global interest in quality the broad nature of early childhood leadership reflective evaluation and practice this book will be of interest to setting and room leaders across the early years as well as students studying early childhood or in early years teacher training

this book presents a new integrated theory of dynamic management and leadership in one comprehensive approach it offers a new way of looking at the field drawing on a wide body of research and practice in the fields of leadership and management across all sectors in education and more broadly the book

focuses on management against a backdrop of leadership theory including examples of practice and application in schools colleges and universities it uses a range of historical leadership approaches to scaffold different management techniques that are known to work in effective organisations it explores the overlap between management and leadership as dynamic theoretical and practical activities merging the two together into a holistic model that can be applied by managers working in educational settings its twenty six chapters also consider the praxis of educational leadership and management from political economic and ethical perspectives in relation to issues such as equity and widening participation and outline how managership impacts on student achievement offering a unique balance of theory and practice across school college and university sectors the book will be of great interest to researchers academics graduate students and practitioners in the field of educational leadership and management and will be important reading for all stakeholders in the area of educational effectiveness and improvement

leadership in organizations is the first in a series of three books written primarily for distance learning students in online undergraduate and graduate programs with a focus on management leadership and organizational development this first book introduces concepts theories and principles of leadership across a broad spectrum and is intended for students in online courses on leadership management and business a signature theme of the book is the distinction between leadership and management this book presents a real world view to help students learn to recognize the dynamics of leadership theory in operation so that they can begin to apply these principles to situations in their work environments

readings on power and leadership in organizations provides students with a carefully curated selection of readings and activities that explore questions surrounding leadership including what makes someone a good leader is our perception of what leadership is connected to our social economic and governmental structures is there such a thing as a universal good leader opening chapters feature readings that define leadership explore how culture plays a role in perceptions of leadership and introduce theories related to leadership students examine the relationship between leadership and power and learn about the importance of communication and decision making in effective leadership additional chapters cover leading teams versus individuals managing errors ethics and behavior the second edition of the anthology features two new readings that explore strategies for acquiring and leveraging power to achieve objectives and how to foster a supportive organizational culture designed to guide students through a leadership self discovery journey readings on power and leadership in organizations is an ideal supplementary text for courses and programs in business and leadership

this book presents a new integrated theory of dynamic management and leadership in one comprehensive approach it offers a new way of looking at the field drawing on a wide body of research and practice in the fields of leadership and management across all sectors in education and more broadly the book focuses on management against a backdrop of leadership theory including examples of practice and application in schools colleges and universities it uses a range of historical leadership approaches to scaffold different management techniques that are known to work in effective organisations it explores the overlap between management and leadership as dynamic theoretical and practical activities merging the two together into a holistic model that can be applied by managers working in educational settings its twenty six chapters also consider the praxis of educational leadership and management from political economic and ethical perspectives in relation to issues such as equity and widening participation and outline how managership impacts on student

achievement offering a unique balance of theory and practice across school college and university sectors the book will be of great interest to researchers academics graduate students and practitioners in the field of educational leadership and management and will be important reading for all stakeholders in the area of educational effectiveness and improvement

a comprehensive up to date analysis of the role and influence of political leadership in new zealand political leadership in new zealand discusses this topical issue from a variety of valuable perspectives more than simple studies of various leaders chapters cover leadership and national identity leadership in response to globalisation leadership in new zealand foreign policy the populist tradition of leadership how to adapt traditional adversarial leadership styles to mmp maori conceptions of political chieftainship emerging leadership of new immigrant groups and the role of the media in reflecting and controlling the public views of leaders portraits of the minor party leaders such as winston peters jim anderton and peter dunne are included as is a fascinating comparison between the leadership styles of helen clark and don brash leadership is now a subject of growing interest especially since the advent of mmp and this innovative new book interrogates the theory the practice and the personalities of political leaders in producing emotive gut responses and intense loyalty from their followers contributors margie comrie tania domett seishi gomibuchi barry gustafson john henderson manying ip elizabeth mcleay raymond miller michael mintrom matthew palmer jacqui true ranginui walker and luke williams foreword by high profile leadership expert lester levy

this book introduces an intriguing juxtaposition of caring alongside effective and it is a thought provoking book including examples of early years leaders on their own reflective learning journeys it provides a rich source of ideas for relational leadership that are firmly based in research and professional experience professor margaret carr university of waikato new zealand effective and caring leadership is an essential part of raising standards and increasing the quality of learning in early childhood settings this book explains leadership practices that can make a positive difference to the provision offered and improve outcomes for both children and families with theoretical practical and research informed perspectives this book uses case studies to provide examples of effective leadership integrates education and care with key practices in effective leadership explores directional collaborative empowering and pedagogical leadership offers readers opportunity to reflect upon their own leadership practices this is a key text for anyone studying early childhood existing and aspiring leaders graduate early years leaders and those training to work in settings schools and children s services professor iram siraj is professor of early childhood education at the institute of education university of london dr elaine hallet is a lecturer in early childhood education at the institute of education university of london

study based on empirical data of a district panchayat and four village panchayats in rautahat district nepal

the quality of its business leadership is a key issue for the future development of asia s economies although asia s economies have grown spectacularly in recent decades they are currently facing increasing challenges this book explores the current state of business leaders and leadership in asia it demonstrates that there is no single model of asian business leadership and that western models often do not fit easily alongside asian cultural values it discusses how relatively developed asian economies japan korea taiwan and singapore and former socialist economies china and vietnam all have different types of business leadership challenges at present the book concludes by assessing how business leadership in asia is likely to develop in future
