endorsed by the international ecotourism society sustainable tourism the millennium development goals effecting positive change demonstrates how ecotourism and sustainable tourism can assist in supporting and meeting the goals set forward by the millennium development goals mdg and how it can foster a global partnership for development the text discusses how ecotourism and sustainable tourism can assist in supporting and meeting the mdg by drawing on case studies and examples the final summary chapter discusses how ecotourism and sustainable tourism can assist in supporting and meeting the mdg by 2015 and identifies the challenges and goals that need to be considered in the future in this edition you will find historical perspective of the development of ecotourism and sustainable tourism the millennium development goals defined overview of how ecotourism and sustainable tourism can assist in meeting the goals of the mdg engaging case studies and examples to reinforce the concept

an edited selection of key research papers published over the past 10 years in the journal tourism management taking stock of seminal developments in the literature and in the subject area particularly the emergence of research sub areas papers are in sections on selecting holidays economic forecasting gender and sex in tourism planning and community action urban tourism theme parks tourism and the natural environment marketing and service quality and indigenous people sections are introduced by commentary that relates articles to the wider literature annotation copyrighted by book news inc portland or

in 2000 united nations adopted the millennium development goals un mdgs committing the

member nations to a new global partnership to reduce extreme poverty and setting out a series of specific targets with a deadline of 2015 related to the un mdgs tourism is increasingly seen as a promising tool for poverty reduction ensuring environmental sustainability and developing a global partnership for development for example thus the industry has become an important policy tool for community and regional development in many developing countries and the expectations for tourism and its social and economic outcomes have evolved to a high level however there are still many challenges to overcome in the relationship between tourism industry development and poverty reduction this book aims to discuss the promises challenges and outcomes of tourism in development with a specific aim of drawing together research related to tourism and un mdgs the papers discuss what lessons can be learnt and conclusions drawn from the utilisation of tourism for development and poverty reduction what emerges from this collection is a set of interesting results and notions which both support and challenge the connections between tourism and development and the new role of tourism in global development this book is an extended version of a special issue published in current issues in tourism

tourism policy the next millennium fills a significant gap in the literature on tourism it is one of the few comprehensive examinations of this topic written by someone who is both an intellectual observer and an informed practitioner on the subject matter the material spans a range of topics as it provides the reader with a general overview of the phenomenon of international tourism a particular strength of the book is its many appendices which provide for the first time a collection of tourism policy instruments and various international formal agreements relating to tourism

what is important to ethical consumers when thinking about going on holiday and how do

they incorporate their lifestyle choices into these holidays what values inform their lifestyles and how do they satisfy these values on holiday do ethical consumers automatically become ethical tourists or is the situation a little more complex than this in an attempt to answer these questions this book explores the ethical dilemmas associated with tourism the concerns and motivations of ethical consumers on holiday the role and importance of values in holiday decision making this book offers a highly original contribution to the debate surrounding the demand for ethical and responsible holidays it explores the consumption concerns of ethical consumers and their motivational values and offers a detailed examination of how they manage these values on holiday this book offers a new and challenging perspective to the study of responsible tourism by providing a unique empirical insight into how responsible tourists incorporate their norms and values into their holiday decisions the text will be of interest to undergraduates postgraduates and tutors on courses that have tourism and the tourist at their centre and to academics in other disciplines such as marketing and consumer behaviour it will also be highly relevant to the global tourism industry

sustainable development policy a european perspective uses a variety of multidisciplinary perspectives to explore the ways in which sustainable infrastructures can play a more prominent and effective role in international development policy building on a solid introduction to sustainability and development policy this book discusses ways in which viable reform can be promoted through coherent governing the design of social security systems education systems and the possibilities of fair trade as an alternative trading concept sustainable development policy generates a platform on which to encourage constructive dialogue on issues surrounding sustainability in the wake of the global scarcity of natural and economic resources this edited collection will be of great interest to all students and lecturers of development studies and development policy as well as

researchers from other disciplines looking for an introduction to sustainable development policy and its practical applications

in this volume dr clive morley presents a series of papers designed to illustrate facets of managing organisations engaged in tourism back cover

this handbook presents an extensive new overview of african development past present and future it addresses key core themes and topics that are pertinent to the continent s development including sections on history health and food politics economics rural and urban development and development policy and practice the volume draws on the expertise of over 60 of the world s leading scholars to provide a detailed and up to date analysis of the key opportunities and challenges that confront africa and how such issues are being addressed arranged by key themes the handbook provides not only a historical understanding of the past but also political perspectives on the future the chapters provide critically informed analyses of their topics by drawing upon the latest conceptual viewpoints and applied experiences in africa in the form of case studies to offer a comprehensive examination of the opportunities challenges key debates and future prospects this handbook is an invaluable state of the art overview and reference concerning many different aspects of africa s development which will be of interest to academics in all fields of african studies and also academics and students working in cognate disciplines such as development studies geography history politics and economics

managing tourist health is a seminal study which combines a range of state of the art reviews of the issues facing tourism managers and professionals in the fast growing area of tourist health and safety an international range of contributors each a specialist in their chosen field have written papers for this book to explain many of the complex issues

affecting tourists the tourism industry and governments in ensuring tourism is viewed as a safe and enjoyable experience for all the contributors have a wealth of interdisciplinary experience ranging from medicine law tourism research safety science ergonomics management consultancy among other cognate areas of study future research directions are examined in many of the chapters together with current state of the art knowledge in relation to key studies the editors have worked in this area of research since the late 1980s and have accumulated a wide range of academic professional and consultancy experience for governments and the private sector the book extends this understanding through a multi disciplinary perspective combining some of the leading researchers who have published in this area since the emergence of tourist health as a legitimate area of study in the 1970s
