swahili was once an obscure dialect of an east african bantu language today more than one hundred million people use it swahili is to eastern and central africa what english is to the world from its embrace in the 1960s by the

black freedom movement in the united states to its adoption in 2004 as the african union s official language swahili has become a truly international language how this came about and why of all african languages it happened only to swahili is the story that john m mugane sets out to explore the remarkable adaptability of swahili has allowed africans and others to tailor the language to their needs extending its influence far beyond its place of origin its symbolic as well as its practical power has evolved from its status as a language of contact among diverse cultures even as it embodies the history of communities in eastern and central africa and throughout the indian ocean world the story of swahili calls for a reevaluation of the widespread assumption that cultural superiority military conquest and economic dominance determine a language s prosperity this sweeping history gives a vibrant living language its due highlighting its nimbleness from its beginnings to its place today in the fast changing world of global communication

once the major success story of a troubled continent by the early 1990s kenya came to be regarded as its fallen star this book challenges such images of reversal and the analytical polarities which sustain them the analysis ranges from telescopic to microscopic fields and combining many disciplines and perspectives to give a rich and varied picture of the culture of politics in twentieth century kenya a highly perceptive and interesting analysis deconstruction is not too strong a term of kenya s politics a well researched documented and enlightening book african affairs

vestiges of monolingual bias are present in the portrayal of study abroad as an idealized monolingual immersion experience and the steps many programs take to encourage or enforce target language monolingualism in reality study abroad is often inherently multilingual this book addresses the need for a recognition of the multilingual realities of study abroad across a variety of traditional and non traditional national contexts and target languages the chapters examine multilingual socialization and translanguaging with peers local hosts and instructors how the target language is necessarily entwined in global local and historical contexts and how students negotiate the use of local and global varieties of english together the chapters present a powerful argument for scholars and study abroad practitioners to consider and critically incorporate multilingual realities into their research and planning

reflects what traditional proverbs used in christian catechetical liturgical and ritual contexts reveal about tanzanian appropriations of and interpretations of christianity

contributions to the sociology of language brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications it approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other the series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language

number 6 includes cumulative main and added entry index for the monographs listed in that year
