this work comes at an opportune hour a time in which many complain that contemporary theology lacks a general theory of sacraments chauvet charts a reorientation in sacramental theology from the scholastic treatments which appropriated the metaphysical categories of causality and substance to develop an essentially instrumentalist appreciation of grace in favor of an approach through the category of symbol in this approach the subject is as much grasped and transformed by the symbolic representation as is the object being interpreted chauvet commands a wealth of scholarship which he deploys to powerful effect his work in developing a foundational theology of sacramentality will remain the standard for years to come
