The bibliography lists over 2800 unilingual, bilingual and polyglot dictionaries, glossaries and encyclopedias in the physical sciences, engineering and technology published during the past twelve years. The majority of the titles cited have English as the source or target language or are dictionaries giving definitions in English. The bibliographic entries are arranged in 49 subject classes. Within each subject, the entries are listed alphabetically by language and within each language group by author. Forty-seven foreign languages are represented in the compilation. Lists of abbreviations and reference sources and detailed author, language and subject indexes complement the publication.

This handbook gives an overview of language for special purposes (LSP) in scientific, professional and other contexts with particular focus on teaching and training. It provides insights into research paradigms, theories and methods while also highlighting the practical use of LSPs in concrete discourse situations. The volume is transdisciplinary, oriented with a firm basis in the language sciences including terminology knowledge transfer, multilingual and cross-cultural exchange.

This volume brings together a selection of revised papers originally presented at the 19th International Congress of Linguists in São Paulo, Campinas. The papers in the first section deal with studies ranging from the Latin model in post-Renaissance grammars to new scientific propositions at the turn of the 19th century. The second part carries articles devoted to a variety of topics in 19th and 20th century linguistics and in the third section are united the papers based on plenary presentations ranging from ancient Greek reflections upon language to developments in Brazilian linguistics beginning with the implantation of structuralist work by Joaquim Mattoso Câmara (1904-1970). In the 1960s, in the concluding contribution, a survey of advances in the history of the language sciences is offered.

Les termes anglais disposés suivant l'ordre strictement alphabétique sont accompagnés d'équivalents français et suivis de définitions ou de notes.
