the current volume presents new empirical data on well being of youth and emerging adults from a global international perspective its outstanding features are the focus on vast geographical regions e g europe asia africa north and south america and on strengths and resources for optimal well being the international and multidisciplinary contributions address the complexities of young people s life in a variety of cultural settings to explore how key developmental processes such as identity religiosity and optimism social networks and social interaction in families and society at large promote optimal and successful adaptation the

volume draws on core theoretical models of human development to highlight the applicability of these frameworks to culturally diverse youth and emerging adults as well as universalities and cultural specifics in optimal outcomes with its innovative and cutting edge approaches to cultural theoretical and methodological issues the book offers up to date evidence and insights for researchers practitioners and policy makers in the fields of cross cultural psychology developmental science human development sociology and social work

this book analyses the reasons why many youths fail to obtain appropriate employment and end up working as gig workers it also seeks to analyse the unique pattern of youth unemployment and its causes which would impact the level of youth unemployment the book allows readers to gain a comprehensive understanding of how providing decent work for young people and establishing clear career paths can act as a catalyst for a strong economy and foster a productive and dynamic society it also provides valuable insights into how policymakers can develop effective economic policies to enhance employment opportunities for young people furthermore the book serves as an essential reference for analysing the various forms and complex dynamic patterns of unemployment in the labour market making it a valuable resource for researchers policymakers and practitioners alike

historical studies of black youth activism have until now focused almost exclusively on the activities of the congress of racial equality core and the student nonviolent coordinating committee sncc however the naacp youth councils and college chapters predate both of those organizations they initiated grassroots organizing efforts and nonviolent direct action tactics as early as the 1930s and in doing so made significant contributions to the struggle for racial equality in the united states this deeply researched book breaks new ground in an important and compelling area of study thomas bynum carefully examines the activism of the naacp youth and effectively refutes the perception of the naacp as working strictly through the courts his research illuminates the many direct action activities undertaken by the young people of the naacp activities that helped precipitate the breakdown of racial discrimination and segregation in america beginning with the formal organization of the naacp youth movement under juanita jackson the author traces the group s activities from their early anti lynching demonstrations through their post world war ii withholding patronage campaigns to their participation in the sit in protests of the 1960s he also explores the evolution of the youth councils and college chapters including their sometime rocky relationship with the national office and shows how these groups actually provided a framework for the emergence of youth activism within core and sncc the author provides a comprehensive account of the generational struggle for racial equality capturing the successes failures and challenges the naacp youth groups experienced at the national state and local levels he firmly establishes the vital role they played in the history of the civil rights movement in the united states and in the burgeoning tradition of youth activism in the postwar decades

the revised edition of 20 questions about youth and the media is an updated and comprehensive guide to today s most compelling issues in the study of

children tweens teens and the media the editors bring together leading experts to answer the kinds of questions an undergraduate student might ask about the relationship between young people and media in so doing the book addresses a range of media from cartoons to the internet from advertising to popular music and from mobile phones to educational television the diverse array of topics include government regulation race and gender effects both prosocial and risky kids use of digital media and the commercialization of youth culture this book is designed with the undergraduate youth children and media classroom in mind and features accessible writing and end of chapter discussion questions and exercises
