redesigning special education teacher preparation describes both challenges and possible solutions to redesigning and restructuring high incidence teacher preparation  
 programs so graduates will meet the highly qualified teacher requirements and be prepared to teach students with high incidence disabilities this powerful new text  
 discusses many possible reforms including field based teacher preparation a focus on evidence based core practices and teacher moves collaboration with k 12 school  
 based partners as teacher educators interdisciplinary collaboration across university faculty and a grounding in current expectations for high stakes accountability and  
 program evaluation

this exemplary handbook provides readers with a novel synthesis of international research evidence based practice and personal reflections to offer an overview of the  
 current state of knowledge in the field of teaching geography in higher education chapters cover the three key transitions into through and out of higher education to  
 present a thorough analysis of the topic

this volume presents a multinational perspective on the juxtaposition of language and politics bringing together an international group of authors it offers theoretical and  
 historical constructs on bilingualism and bilingual education it highlights the sociocultural complexities of bilingualism in societies where indigenous and other languages  
 coexist with colonial dominant and other prestigious immigrant languages it underlines the linguistic diaspora and expansion of english as the world s lingua franca and

their impact on indigenous and other minority languages finally it features models of language teaching and teacher education this book challenges the existent global conditions of non dominant languages and furthers the discourse on language politics and policies it does so by pointing out the need to change the bilingual multilingual educational paradigm across nations and all levels of educational systems

in response to the covid 19 pandemic many educational institutions implemented social distancing interventions such as initiating closure developing plans for employees to work remotely and transitioning teaching and learning from face to face classrooms to online environments the abrupt switch to online teaching and learning for the most part has been a massive change for administration faculty and students at traditional brick and mortar universities and colleges as concerns regarding the pedagogical soundness of this mode of delivery remain among some stakeholders not only that but the switch has also revealed the inequities in the system when it comes to the types of students universities serve it is important as institutions move forward with online instruction that consideration be made about all students and what policies and strategies need to be put into place to help support and meet the needs of all constituents now or when unprecedented situations arise the only way this can be done is by documenting the experiences through the eyes of faculty who were at the frontline of providing instruction and advising services to students the handbook of research on inequities in online education during global crises brings to light the struggles faculty and students faced as they were required to switch to online education during the global covid 19 health crisis this crisis has revealed inequities in the educational system as well as the specific effects of inequities when it comes to learning online and the chapters in this book provide information to help institutions be better prepared for online education or remote learning in the future while highlighting topics such as new educational trends remote instruction diversity in education and teaching and learning in a pandemic this book is ideal for in service and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the inequalities within the educational systems and the new policies and strategies put in place with online education to combat these issues and support the needs of all diverse student populations

this book emphasizes the importance of clinical practice in teacher education programs highlighting efforts to enhance the duration diversity and quality of experiences for teacher candidates it includes chapters from educators in the us and canada offering examples and ideas for improving clinical practice

at the heart of any discussion about the future of libraries is the future of librarians and how well our instructional programs especially the master of library science mls degree prepare them for their careers this book continues the critical conversations around preparing future librarians
