this volume published in honor of historian geoffrey parker explores the working of european empires in a global perspective focusing on one of the most important themes of parker s work the limits of empire which is to say the centrifugal forces sacral dynastic military diplomatic geographical informational that plagued imperial formations in the early modern period 1500 1800 during this time of wrenching technological demographic climatic and economic change empires had to struggle with new religious movements incipient nationalisms new sea routes new military technologies and an evolving state system with complex new rules of diplomacy engaging with a host of current debates the chapters in this book break away from conventional historical conceptions of empire as an essentially western phenomenon with clear demarcation lines between the colonizer and the colonized these are replaced here by much more fluid and subtle conceptions that highlight complex interplays between coalitions of rulers and ruled in so doing the volume builds upon recent work that increasingly suggests that empires simply could not exist without the consent of their imperial subjects or at least significant groups of them this was as true for the british raj as it was for imperial china or russia whilst the thirteen chapters in this book focus on a number of geographic regions and adopt different approaches each shares a focus on and interest in the working of empires and the ways that imperial formations dealt with or failed to deal with the challenges that beset them taken together they

reflect a new phase in the evolving historiography of empire they also reflect the scholarly contributions of the dedicatee geoffrey parker whose life and work are discussed in the introductory chapters and we re proud to say in a delightful chapter by parker himself an autobiographical reflection that closes the book

annotation american empire challenges our deepest assumptions about the rise of american globalism in the twentieth century and puts geography back into the history of what is called the american century

anthropologists and world historians make strange bedfellows although the latter frequently employ anthropological methods in their descriptions of cross cultural exchanges the former have raised substantial reservations about global approaches to history fearing loss of specificity anthropologists object to the effacing qualities of techniques employed by world historians this despite the fact that anthropology itself was a global comparative enterprise in the nineteenth century rainer buschmann here seeks to recover some of anthropology s global flavor by viewing its history in oceania through the notion of the ethnographic frontier the furthestmost limits of the anthropologically known regions of the pacific the colony of german new guinea 1884 1914 presents an ideal example of just such a contact zone colonial administrators there were drawn to approaches partially inspired by anthropology anthropologists and museum officials exploited this interest by preparing large scale expeditions to german new guinea buschmann explores the resulting interactions between german colonial officials resident ethnographic collectors and indigenous peoples arguing that all were instrumental in the formation of anthropological theory he shows how changes in collecting aims and methods helped shift ethnographic study away from its focus on material artifacts to a broader consideration of indigenous culture he also shows how ethnological collecting often a competitive affair could become politicized and connect to national concerns finally he places the german experience in the broader context of euro american anthropology anthropology s global histories will interest students and scholars of anthropology history world history and pacific studies

he was famously hostile to biography as a literary form and yet this life of adorno by one of his last students is far more than literary in its accomplishments giving us our first clear look at how the man and his moment met to create critical theory an intimate picture of the quintessential twentieth century

transatlantic intellectual the book is also a window on the cultural ferment of adorno s day and its ongoing importance in our own the biography begins at the shining moment of the german bourgeoisie in a world dominated by liberals willing to extend citizenship to refugees fleeing pogroms in eastern europe detlev claussen follows theodor wiesengrund adorno 1903 1969 from his privileged life as a beloved prodigy to his intellectual coming of age in weimar germany and vienna from his exile during the nazi years first to england then to the united states to his emergence as the adorno we know now in the perhaps not so unlikely setting of los angeles there in 1943 with his collaborator max horkheimer adorno developed critical theory whose key insight that to be entertained is to give one s consent helped define the intellectual landscape of the twentieth century in capturing the man in his complex relationships with some of the century s finest minds including among others arnold schoenberg walter benjamin thomas mann siegfried kracauer georg lukács hannah arendt and bertolt brecht claussen reveals how much we have yet to learn from theodor adorno and how much his life can tell us about ourselves and our time
