since the first edition of the encyclopedia of white collar and corporate crime was produced in 2004 the number and severity of these crimes have risen to the level of calamity so much so that many experts attribute the near depression of 2008 to white collar malfeasance namely crimes of greed and excess by bankers and financial institutions whether the perpetrators were prosecuted or not white collar and corporate crime came near to collapsing the u s economy in the 7 years since the first edition was produced we have also seen the largest ponzi scheme in history maddoff an ecological disaster caused by british petroleum and its subcontractors gulf oil spill and u s defense department contractors operating like vigilantes in iraq blackwater white collar criminals have been busy and the second edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles

literary fashions come and go but some hang around longer than others like gothic literature which has existed ever since the castle of otranto in 1764 during this long while it has spread from england to the rest of great britain and across to the continent and off to america and australia filling in the gaps more recently most of it is in english but hardly all and it has adopted all styles from romanticism to modernism to postmodernism and even adjusted to feminist and queer literature and science fiction we have all read some gothic tales or if not read then seen them in the cinema since they adapt well to film treatment and it would be hard to find anyone who has not heard of ghosts and vampires let alone count dracula and frankenstein on the other hand some of us are inveterate gothic fans reading one book or story after the other the historical dictionary of gothic literature follows this long and winding path first in an extensive chronology and then a useful introduction which explains the nature of gothic and shows how it has evolved obviously the dictionary section has entries on major writers and some of the best known works but also on geographical variants like irish scottish or russian gothic and female gothic queer gothic and science fiction this is provided in over 200 often substantial and always intriguing entries more can be found in a detailed bibliography including general works but also more specialized ones on different styles and genres and also specific authors this book should certainly interest the fans but also more serious researchers

the creation of the confederate states of america and the subsequent civil war inspired composers lyricists and music publishers in southern and border states and even in foreign countries to support the new nation confederate imprint sheet music articulated and encouraged confederate nationalism honored soldiers and military leaders comforted family and friends and provided diversion from the hardships of war this is the first comprehensive history of the sheet music of the confederacy it covers works published before the war in southern states that seceded from the union and those published during the war in union occupied capitals border and northern states and foreign countries it is also the first work to examine the contribution of postwar confederate themed sheet music to the south s response to its defeat to the creation and fostering of lost cause themes and to the promotion of national reunion and reconciliation

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873
