bachelor thesis from the year 2025 in the subject business economics company
formation business plans grade 1 3 university of applied sciences deggendorf
language english abstract sustainability has become an increasingly critical factor in
modern business influencing consumer behaviour regulatory frameworks and
corporate strategies startups often recognised for their agility and innovation play a
vital role in driving sustainable transformation however effectively communicating
sustainability remains a key challenge for young ventures this study contributes to a
deeper understanding of how sustainable startups those with sustainability at the
core of their business model communicate their values and integrate marketing into
their operations it seeks to provide an overview of the topic by presenting definitions

concepts and challenges while identifying gaps in the academic literature through qualitative research the study aims to gather additional insights highlight areas for improvement and propose potential solutions the thesis investigates the role of marketing strategies in sustainable startups how they communicate their social and environmental values and the challenges these businesses face in their marketing efforts therefore the research question can be formulated as follows how do sustainable startups develop and implement their marketing and communication strategies in the current market and what challenges do they encounter furthermore the research addresses the following questions what role does marketing play in the success of startups what communication methods are most effective how can small businesses enhance their strategies the study focuses on small startups in germany across various industries all united by a strong commitment to environmental or social impact on a practical level the findings could provide valuable insights for startups seeking to refine their strategies overcome resource constraints and establish a strong market presence

break through anyone's anger and win their trust in crises large and small leonard s greenberger is a partner at one of today's most successful public relations firms in what to say when things get tough this seasoned expert offers verbal and nonverbal skills for handling communication crises in any public forum this book is one of the best guidebooks on the practice of public relations that i have seen jim owen executive director member relations edison electric institute if you want to learn why powerpoint is a very poor way to present why empathy works wonders how positive messages eye contact and the right facial expressions can add up to make you overwhelmingly effective or not then this book is for you ari weinzweig cofounder and founding partner zingerman's and author of zingerman's guide to giving great service and zingerman's guide to good leading every business professional should have a copy on the shelf and pull it down whenever a tough situation presents itself win porter president waste policy center former assistant administrator for solid waste and emergency response u.s. environmental protection agency

social media has played a central role in the digital era for almost a century influencing almost all aspects of life the use of social media in warfare is threatening not only one country but the whole global community is a recent development the famous speech by abu muhammad al adnani on social media inspired the bloody

month of ramadan in 2016 and showed the deadly power of social media inspired attacks and what the islamic state is capable of achieving although the terrorist group has lost territory over the last few weeks of combat both in syria and iraq and is on the edge of losing their main capital mosul is still remains a hybrid threat consisting of military powers and an unmatched affinity of using social media as a cyber war weapon is will continue to be a severe danger to the global community this book aims to foster a deeper understanding of the use of social media for recruiting efforts by the so called islamic state is and to analyse its propaganda methods in order to develop possible countermeasures a special focus will be put on the method of recruitment of young western foreign fighters these individuals are the easiest to recruit for isis and pose the greatest risk to the global community especially in regards to home grown terrorism and so called lone wolf attacks since this area of research is very new and quickly evolving the field still needs extensive research it is difficult to analyse the use of social media content by the islamic state due to limited information access and flow encryption propaganda verification and inconsistency the islamic state is a military threat on the battleground as well as a potential cyber threat for the international community despite these challenging circumstances this book will provide a new theoretical model based on the marketing model of a customer journey in connection with the main principles of storytelling ultimately this research work will try to provide experts with a new and modern approach of analysis as a base for possible counter measures to weaken and combat the current threat posed by the islamic state from the text islamic state terrorism social media propaganda institutions radicalisation

a young man drops out of college and goes to the police he s done nothing wrong he just wants a job playing the victim in murder reconstructions maybe by getting close to death he can manage to cheat on his own

organizations such as the sierra club and friends of the earth are familiar to anyone with an interest in environmental protection as activist groups they played by the same rules for years but in 1994 the rules changed with the republican takeover of congress environmental groups faced sweeping changes in federal policies that threatened the enforcement of environmental laws as these organizations intensified their efforts to meet these challenges they also altered their electoral strategies and political spending patterns this book traces those actions and shows what they mean

for the future of environmentalism in the political arena while environmental advocacy groups have become bigger and better funded in recent years so have the corporate interests that compete with them for the attention of public and politicians the green agenda in american politics offers a new look at environmental advocacy that focuses on contemporary lobbying electioneering and agenda setting in this new context drawing on interviews with activists from a wide range of organizations robert duffy describes what environmental groups actually do when lobbying officials or the public he examines activity at both national and state levels to emphasize their growing use of websites email and action alert networks to conduct more sophisticated grassroots campaigns and he shows how they are devoting more funds to unregulated forms of spending such as independent expenditure issue advocacy advertising and public education campaigns duffy also tracks emerging trends in interest group politics and provides an overview of activism through the early 1990s he then documents the emergence of more aggressive action after 1994 such as providing campaign services to candidates and mounting voter registration drives he also shows how state and local groups have begun to play more important roles in the wake of the rollback of federal environmental regulations brimming with new insights into interest group lobbies in general and contemporary environmental groups in particular duffy s book opens a new window on the influence of big money in the supposedly democratic electoral process

the purpose of the series is to define explore and interpret the traditions and diverse research interests of the institute of communications research and to bring the institute s work to a larger audience publication of this series is made possible by a bequest from durris dickinson a university of illinois alumnus who was publisher of the woodford county journal in eureka illinois page 2 of cover

the second edition of percy and elliott s strategic advertising management continues to deal with advertising from a strategic rather than simply a descriptive standpoint and covers all the main topics on an advertising management module the authors firstly address what advertising is meant to do and then go on to provide an understanding of what is necessary in the development of effective advertising and promotion the text has been fully updated and revised to include expanded chapter introductions and explicit key concepts the chapters on developing a communication strategy and processing the message have been significantly expanded as has the

concluding part integrating advertising and promotion the authors use numerous examples of successful advertising images and a number of extended case histories to illustrate the application of the various theories discussed accompanying the new edition is a companion web site containing for lecturers powerpoint slides with selected figures from the text and suggested classroom exercises and for students web links and additional questions book jacket
