*Our Own Stories* is based upon cross-cultural communication misunderstandings described in essays written by students at California State University, Los Angeles. Most of these students were born in Asia and Latin American, yet regardless of their origin, their stories are universal. The theme of the outsider trying to become part of a new culture is introduced.

Living in a hippie community in the Australian rainforest, I in January 1992 started to write about my visions and spiritual experiences. I described ten places in our heads as homes of the human spirit. There are many publicly known people who are involved in the move of the earth to a higher dimension. In 2013, more than 200,000 people live on earth, and at the same time on a parallel world which is a home for immortal people. The evangelist John spoke with a cross of light. I believe that a new cross of light will appear on earth soon. In July 1979, I met the devil and his wife on the inner German border. I name some people who have been the devil of previous earth-like planets in older universes. Alex Collier wrote in '95 that since my 40th birthday on 3/23/1994, vibrations leave all black holes of our local universe, changing its nature, lifting all planets into higher dimensions. I believe these frequencies come from the immortals living on earth now, including me.
