this edited volume looks at whether it is possible to be more transparent about uncertainty in scientific evidence without undermining public understanding and trust with contributions from leading experts in the field this book explores the communication of risk and decision making in an increasingly post truth world drawing on case studies from climate change to genetic testing the authors argue for better quality evidence synthesis to cut through the noise and highlight the need for more structured public dialogue for uncertainty in scientific evidence to be communicated effectively they conclude that trustworthiness is vital the data and methods underlying statistics must be transparent valid and sound and the numbers need to demonstrate practical utility and add social value to people s lives presenting a conceptual framework to help navigate the reader through the key social and scientific challenges of a post truth era this book will be of great relevance to students scholars and policy makers with an interest in risk analysis and communication

the second edition of this handbook explores the social cognitive motivational interpersonal clinical and applied aspects of personal uncertainty it showcases both the diversity and the unity that defines contemporary perspectives on uncertainty in self within social and personality psychology featuring chapters written by distinguished scholars from a range of disciplines in psychology the book explores the similarities and differences between personal uncertainty and other psychological experiences in terms of their nature and relationship with human thought emotion motivation and behavior it takes an interactionist perspective to examine what social and personality psychology knows about the experience of self uncertainty in its various forms exploring its determinants and consequences within and across individuals and groups the new edition has been extensively revised and updated and includes new material on self uncertainty within intimate relationships in groups and within spiritual and educational contexts there is also new content on conspiratorial thinking as well as on the uncertain self within the broader context of uncertainty associated with the covid 19 pandemic throughout strategies specifically designed to assist others in confronting the unique challenges posed by self uncertainty in ways that emphasize healthy psychological functioning and growth are promoted featuring cutting edge theory and research on the determinants experiences and consequences of uncertainty in the self the handbook is an invaluable resource for researchers practitioners and senior undergraduate and graduate students in

social and personality psychology clinical and counseling psychology educational psychology and developmental psychology

from frankenstein and dracula to psycho and the chainsaw massacre horror fiction has provided our culture with some of its most enduring themes and narratives considering horror fiction both as a genre and as a social phenomenon joseph grixti provides a theoretical and historical framework for reconsidering horror and the cultural apparatus that surrounds it first published in 1989 this book looks at shifts in the genre s meaning its fascination with excess its commentaries on the categories and boundaries of culture and at interpretations of horror from psychology psychoanalysis sociology cultural and media studies terrors of uncertainty brings together a provocative range of perspectives from across the disciplines which combine to raise important questions about the relationship between fiction and society and the way in which we use fiction to resolve or evade our fears of uncertainty

this volume brings together important papers coupled with new introductions in the massively influential area of uncertainty in economic theory seminal papers are available together for the first time in book format with new introductions and under the steely editorship of itzhak gilboa this book is a useful reference tool for economists all over the globe

undecidability is a fundamental quality of literature and constitutive of what renders some works appealing and engaging across time and in different contexts this book explores the essential literary notion and its role function and effect in late nineteenth and twentieth century literature and literary theory the book traces the notion historically providing a map of central theories addressing interpretative challenges and recalcitrance in literature and showing theory of uncertainty to be an essential strand of literary theory while uncertainty is present in all literature and indeed a prerequisite for any stabilisation of meaning the modernist period is characterised by a particularly strong awareness of uncertainty and its subforms of undecidability ambiguity indeterminacy etc with examples from seminal modernist works by woolf proust ford kafka and musil the book sheds light on undecidability as a central structuring principle and guiding philosophical idea in twentieth century literature and demonstrates the analytical value of undecidability as a critical concept and reading strategy defining undecidability as a specific sustained and productive kind of uncertainty and distinguishing it from related forms such as ambiguity indeterminacy and indistinction the book develops a systematic but flexible theory of undecidability and outlines a productive reading strategy based on the recognition of textual and interpretive undecidability

this illuminating book explores the neo gramscian school of international political economy and their conceptualization of global hegemony and furthers these by looking at how the often fragmented society of post communist russia can provide insight into the nature and workings of neo liberal global hegemony the volume illustrates how historically russia has been a unique case in rejecting western inspired hegemonic projects it outlines how successive governments since the fall of the soviet union have attempted often unsuccessfully to integrate russia into the global economy and identifies the multitude of ideological contestation within russia it will prove a useful addition to the literature on both post communist russian studies and international political economy

this volume offers the best available thinking and analysis on the topic of the rhetoric and communication of terrorism each of the chapters isolates a particular issue or concern and exposes the difficult choices and subsequent processes facing participants in the management of terrorism by wrapping the analysis in a web of communication and rhetorical processes and theories the authors develop unique perspectives from which to characterize these contexts this volume is intended for multiple audiences including those interested not only in the specific topic but in risk communication crisis management policy management and political science

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series

this major three volume collection offered in the centenary year of hayek s birth celebrates a lifetime of scholarship and original contributions that cross the disciplines of politics philosophy and economics hayek rose to fame as a young technical economist engaged in debate with keynes and became infamous in middle age for his harsh critique of socialist planning for much of the 1950s and 1960s hayek

was ignored as a relic of 19th century economic liberalism as the tide of intellectual and political fashion moved against both his warnings about keynesian demand management and his critique of socialist planning late in life hayek was celebrated as a prescient scholar who foresaw the decline in both the keynesian and socialist systems of economic control hayek made major analytical contributions which have yet to be appreciated by either friend or foe through this selection of classic articles the legacy of friedrich von hayek attempts to place hayek s contributions to political economy in a proper perspective

When somebody should go to the ebook stores, search start by shop, shelf by shelf, it is really problematic. This is why we offer the book compilations in this website.
