the doctoral thesis argues that the term subcreation with its revised and broadened definition in part differing from j r r tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse the successful conception of a fictional world depends on the reader s willing suspension of disbelief this depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world the author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world the fundamental aspects that an author needs to realize to achieve successful subcreation have been structured into and analysed in four categories language and linguistic variation physiopoeia anthropoeia and mythopoeia furthermore this thesis shows that as contemporary examples of fantastic literature both tad williams s and terry pratchett s fictional worlds are successfully created through the realization of these aspects of subcreation apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings while both may be considered anglophone in a general categorization pratchett s discworld retains a feeling of britishness that is not to be found in williams s otherland the thesis proposes several approaches to subcreation that may be studied subsequently so for example it may be possible to determine the success of an author s subcreation by collecting empirical data apart from literary works this field of studies may also include other media

a critical deep dive into conceptions of power and society in terry pratchett s discworld novels this book brings together experts in fantasy literature political sciences economics philosophy history and journalism to consider the intricate social tapestry of one of the most intricate worlds in modern fantasy surveying the discworld s institutionalised power structures from government and police to civil services banks and societies it explores ideas such as language translation humour crowds community justice and coercion in the series major works featuring analyses of novels such as men at arms equal rites carpe jugulum guards guards jingo night watch wyrd sisters witches abroad and many more this collection illuminates how pratchett juxtaposed his narratives with contemporary reflections on social constructs broken down into parts looking at social power dynamics building and destroying worlds and the power of language the book offers a much needed corrective to the dearth of scholarship on one of fantasy literature s worldbuilding titans

this edited volume focuses on the cultural production of knowledge in the academy as mediated or presented through film and television this focus invites scrutiny of how the

academy itself is viewed in popular culture from the chair to terry pratchett s unseen university and doctor who s time lord academy among others spanning a number of genres and key film and television series the volume is also inherently interdisciplinary with perspectives from history cultural studies gender studies stem and more this collection brings together leading experts in different disciplines and from different national backgrounds it emphasises that even at a point of mass global participation in higher education the academy is still largely mediated by popular culture and understood through the tropes perpetuated via a multimedia landscape

this monograph contends that attending to pratchett s work could help to save our world it draws attention to the astonishing capacity of pratchett s novels to inspire and argues that pratchett s fantasy novels directly address many of the most significant challenges people in the world face the explosion of weapons technology the myriad issues involved in the envelopment of human life by corporatized information technology the destructive human inattention to and interactions with the earth and its life forms and the problem of devalued labor paradoxically it is pratchett s choice of fantasy that lets him address the reality of major issues that humanity and the rest of life confront now pratchett s novels show us how to better understand and confront the problems the world is contending with the book will interest both scholars and fans

If you are unfamiliar with Pratchett's unique blend of philosophical badinage interspersed with slapstick, you are on the threshold of a mind-expanding opportunity. *Financial Times* Chaos ensues when Discworld's deliciously hapless wizard Rincewind goes walking about in the Down Under in this wonderfully witty satire from legendary internationally bestselling author Sir Terry Pratchett. There's big trouble at the Unseen University, Ankh-Morpork's prestigious and only institute of higher learning. A professor is missing and the one person who can find him is not only the most bumbling magician the school ever produced, he's currently stranded in Fourecks, Discworld's last and unfinished continent. The Down Under is hot, so hot and it's dry, so dry though it's rumored there was once this thing called the wet, but no one believes that practically everything here that's not poisonous is venomous. Discworld's most inept wizard and his companion luggage are eager to get home but first Rincewind has to survive a pushy, mystical kangaroo trickster named Scrappy and a mob of Fourecks hooligans determined to hang him. All his problems would be solved if he could just make it rain for maybe the first time ever and if the time-traveling professors from UU working on rescuing him can get to the right millennium. The Discworld books can be read in any order but the last continent is the sixth book in the Wizards collection and the 22nd Discworld book. The other books in the Wizards collection include *The Color of Magic*, *The Light Fantastic*, *Sourcery*, *Eric*, *Interesting Times*, *Unseen Academicals*.
