listening in a second language is challenge for students and teachers alike this book provides a personal account of an action research intervention involving listening

strategy instruction that investigated the viability of this innovative pedagogy in the Japanese university context

This text integrates the theory and practice of learner based assessment written in response to two recent movements in language teaching learner centered teaching and a renewed interest in authenticity in language testing. It examines the relationship between the language learner and language assessment processes and promotes approaches to assessment that involve the learner in the testing process. Particular attention is given to issues of reliability and validity grounded in current pedagogical applications of authentic assessment measures. This volume is intended for and eminently accessible to classroom teachers and program directors looking for ways to include their students in the evaluation process graduate students and professional language testers seeking authenticity in assessment and desiring to create more interactive evaluation tools.

The main focus of this volume is test development and accreditation requirements and needs. One of the major objectives here is to show the key aspects of the application of assessment in higher education and the systems of accreditation. Thanks to its unique perspective it offers a different approach on various aspects of second language assessment as universities are one of the best arenas for the analysis of language testing. The book thoroughly prepares higher education teachers to apply pilot studies and shows students responses to new testing techniques and accreditation requirements. It offers an enlightening guide for scholars with an academic interest in acquiring the basic principles of language testing and accreditation providing real cases of how new ways of testing and accreditation can be useful to second language teachers and students. Readers will not only come to understand how to use new testing strategies but also have the opportunity to see that the proposals described in each chapter may be useful to language assessment and motivation of students.
