in 1800 the per capita income of the united states was twice that of mexico and roughly the same as brazil s by 1913 it was four times greater than mexico s and seven times greater than brazil s this volume seeks to explain the nineteenth century lag in latin american economic development breaking with the longstanding dependency tradition in latin american historiography the contributors argue that the slowdown had far more to do with internal political and legal structures than foreign influences topics covered include the performance of mexico and brazil the impact of independence capital markets regional growth the impact of railroads and the economic effects of culture the editor s introductory essay surveys the history of economic growth theories and latin american economic historiography publisher s description

america is in trouble we face four major challenges on which our future depends and we are failing to meet them and if we delay any longer soon it will be too late for us to pass along the american dream to future generations in that used to be us thomas l friedman one of our most influential columnists and michael mandelbaum one of our leading foreign policy thinkers offer both a wake up call and a call to collective action they analyze the four challenges we face globalization the revolution in information technology the nation s chronic deficits and our pattern of excessive energy consumption and spell out what we need to do now to sustain the american dream and preserve

american power in the world they explain how the end of the cold war blinded the nation to the need to address these issues seriously and how china s educational successes industrial might and technological prowess remind us of the ways in which that used to be us they explain how the paralysis of our political system and the erosion of key american values have made it impossible for us to carry out the policies the country urgently needs and yet friedman and mandelbaum believe that the recovery of american greatness is within reach they show how america s history when properly understood offers a five part formula for prosperity that will enable us to cope successfully with the challenges we face they offer vivid profiles of individuals who have not lost sight of the american habits of bold thought and dramatic action they propose a clear way out of the trap into which the country has fallen a way that includes the rediscovery of some of our most vital traditions and the creation of a new thirdparty movement to galvanize the country that used to be us is both a searching exploration of the american condition today and a rousing manifesto for american renewal

claims that the history of commodities in latin america or anywhere cannot be understood without considering their global context often from a long term perspective

the essays in this book propose new ways of reducing inequality not by growth inhibiting transfers and regulations but by enhancing efficiency eliminating consumption subsidies for the wealthy increasing the productivity of the poor and shifting to a more labor and skill demanding growth path they draw on discussions at a conference sponsored by the idb and the macarthur foundation titled inequality reducing growth in latin america held in washington d c in january 1997 foreword
