the art of being a good husband is not an easy one this little guide was written for the middle classes of the 1930s who were reading one of the first modern self help books illustrated with contemporary line drawings it contains advice by turns delightfully arcane and timelessly true

for example don t squeeze the tube of toothpaste from the top instead of from the bottom this is one of the small things of life that always irritates a careful wife don t think that your wife has placed waste paper baskets in the rooms as ornaments don t tell your wife terminological inexactitudes which are in plain english lies a woman has wonderful intuition for spotting even minor departures from the truth do cultivate the habit of coming down to breakfast with a smile remember that as the head of the house it is your duty to see that everyone starts the day in an atmosphere of happiness don t criticise the food at your own table when you are entertaining and especially refrain from doing so before the servants
