noted for its blistering pace awesome dragons and devious politicking stephen deas landmark fantasy trilogy moves to a terrifying epic conclusion in the order of the scales perfect for all fans of anne mccaffrey s dragonriders of pern series as the various factions fight for control of the adamantine palace mankind s nemesis approaches the realm s dragons are awakening from their alchemical sedation and returning to their native fury they can remember why they were created and they now know what mankind has done to them and their revenge will be brutal as hundreds of dragons threaten a fiery apocalypse only the adamantine guard stand between humanity and extinction can prince jehal fight off the people who want him dead and unite their armies in one final battle for survival

prince jehal has murdered poisoned and betrayed his way to the top there is a new speaker for the realms his opposition has been crushed now he just has to enjoy the fruits of power and yet he feels more for the wife he married for power than perhaps he should and his lover knows it out in the realms those loyal to the old regime are still plotting and there are rumours that the red riders heralds of revolution and doom are on the ride and still no one has found the famous white dragon the dragon that if it lived will have long since recovered from the effects of the alchemical liquid fed to the dragons of the realms to keep them docile to block their memories of a time when they ruled and the world burned stephen deas has created an epic world vivid characters a plot full of betrayals and the most awesome dragons fantasy has seen

praised by joe abercrombie and brent weeks alike the dragon fantasy that heralded the arrival of an exciting new talent on the fantasy scene the adamantine palace lies at the centre of an empire that grew out of ashes once dragons ruled the world and man was little more than prey then a way of subduing the dragons through alchemy was

discovered and now the dragons are bred to be mere mounts for knights and highly valued tokens in the diplomatic power players that underpin the rule of the competing aristocratic houses the empire has grown fat and now one man wants it for himself a man prepared to poison the king just as he has poisoned his own father a man prepared to murder his own lover and then bed her daughter a man fit to be king but unknown to him there are flames on the way a single dragon has gone missing and even one dragon on the loose unsubdued and returned to its full intelligence its full fury could spell disaster for the empire but because of the actions of one unscrupulous mercenary the rivals for the throne could soon be facing hundreds of dragons stephen deas has written a fast moving and action fuelled fantasy laced with irony a razor sharp way with characters dialogue to die for and dragons to die by

collected here are all ten of stephen deas epic fantasy novels about a world ruled by dragons blood fire sex politics and betrayal combine in this masterful and wide ranging series contains the adamantine palace the king of the crags the order of the scales the thief taker s apprentice the warlock s shadow the king s assassin the black mausoleum dragon queen the splintered gods the silver kings
