to understanding the geography of the region introduction understanding africa in a global context the physical environment human environmental impacts forest degradation and desertification historical geography of sub saharan africa opportunities and constraints political landscape of sub saharan africa from instability to democratization culture conflict and change in sub saharan africa population geography of sub saharan africa geography and development in sub saharan africa transport communication and information technologies in sub saharan africa digital bridges over spatial divides urban geography of sub saharan africa geography gender and development in sub saharan africa medical geography of sub saharan africa agricultural development in sub saharan africa spatial organization and distribution of economic activity industry and entrepreneurship in africa looking ahead prospects for africa in a new global economy a useful reference for anyone interested in learning more about current issues in sub saharan africa

contemporary africa edited by toyin falola captures the challenges optimism and problems that face modern africa notably those of economic underdevelopment and political instability african countries seek various answers and they have recorded varying degrees of success as they attempt to unite their peoples to build strong nations develop their economies and stabilize their politics failures have equally been recorded in a number of places although these have not prevented the search for new solutions nor dampened the enthusiasm of africans in liberating themselves from poverty among the leading issues that the volume pays attention to are the achievements of independence the colonial legacy africa s place in global affairs economic development political instability and the challenges of renewal in the 21st century this is the fifth volume in a series of textbooks entitled africa contributors to the volumes are african studies teachers from a variety of schools and settings writing from their individual areas of expertise these authors work together to break stereotypes about africa focusing instead on the substantive issues of the african past from the perspectives of africans themselves the organization of the books is flexible enough to suit the needs of any instructor and the texts include illustrations maps and timelines to make cultural and historical movements clearer suggestions for further reading that will help students broaden their own interests are also included africa challenges the accepted ways of studying africa and encourages students who are eager to learn about the diversity of the african experience

from a general perspective this dissertation seeks to expand through the study of benin and ghana the existing knowledge on u s program of cultural relations in doing so it attempts to examine how states and individuals experience a policy globally conceived and regionally applied it notices that u s program targeted mainly the heart and mind of the elite of these countries in order to raise its soft power and that u s cultural policy was foremost conditioned politically by the ideological inclination of the beneficiaries of american assistance analyzing the reports of some participants in exchange programs from benin and ghana and the how jazz artists view the jazz program it notices how discrepancies existed between the expectations and objective of the government and the personal experience of individuals agents in most of the programs despite this gap this dissertation notes that all is all the above mentioned activities of cultural exchange contributed to presenting some facets of american culture and institutions and touched the lives of many africans in rural areas however as many of these programs were influenced by the cold war this dissertation ends with an interrogation about the future of u s soft power in africa

this volume makes a vivid and thorough discussion on ethnicity in africa in terms of history and the management resolution and prevention of conflicts the book walks the reader through some examples of ethnic conflicts to prove the universality of ethnic complexities and cogently advises against any moral and scholarly withdrawal from issues concerning african ethnicity it also examines efforts ranging from diplomacy mediation arbitration and enforcement to forceful intervention the discussion commends these efforts but stresses that conflict prevention is the better means of addressing conflict issues in africa and elsewhere

how can we understand the plight of refugees in africa why are refugees now spending an average of 17 years in exile why have african states required refugees to remain in isolated and insecure camps is there a better approach to the needs of refugees in africa this book answers these questions by examining the history and politics of asylum in africa and the response of key african states to the mass arrival and prolonged presence of refugees by situating the question of refugees within the broader context of african politics the book outlines the broad range of factors that influence the asylum policies of african states building from these lessons the book outlines the politics of asylum in africa and proposes a new approach to addressing the needs of the continent s refugees this approach leads to important lessons not only for the study of

asylum in africa but also for the future of refugee protection in africa

harnessing the trade winds is the outcome of a generation of research undertaken in nairobi mombassa and zanzibar in east africa and mumbai and goa in india of her work the author says in all my research i found that arab and particularly european sources of information downplayed the importance of indian trade in the indian ocean which goes back at least three thousand years bc the book attempts to rekindle in the indian diaspora a justifiable pride in the achievements of its forebears in east africa and indeed other parts of the world in east africa they promoted the development of agriculture and industry and the globalization of trade stemming from their trading activities blanche d souza s book is a most direct statement on brown man s transcripts over thousands of years trade labour and migrations for settlements against a pervading backdrop of arab british and portugese rivalries in the indian ocean in this wake harnessing the trade winds adds to plural historical perspectives in that the text upholds the value of diversity that shapes the identities and self knowledge of the peoples of asia and africa it challenges those who hold the political reigns and direct policy on education as well as race relations sultan somjee former head of ethnography at the national museums of kenya founder of the community peace museums programme and foundation and the asian african heritage trust in kenya

this book presents an interdisciplinary look at the complex nature of historical political and cultural ties between africa and russia a diverse group of accomplished historians sociologists political scientists and journalists have contributed essays that reveal and explain a variety of invisible links tying together the seemingly incongruent cultural and historical traditions of africa and russia from african presence in early imperial russia to the soviet adventures in colonial and post colonial africa to the role and predicament of african russians in the post soviet society this volume stakes out a vast emerging field for further scholarly research and interpretation

in this compelling work bedford umez analyzes the fundamental problems affecting nigeria s development offering a new perspective for understanding and overcoming them he begins with a critique of several long standing explanations for these problems which include nigeria s colonial legacy its corrupt leadership and the general lack of democratic perspectives while these have undoubtedly contributed to nigeria s

current situation umez persuasively argues that current development problems are fundamentally linked to the prevailing value system that ultimately structures the socioeconomic and political spheres in nigeria the book ends with a number of concrete policy prescriptions and provides hope that development can improve in the future articulate and insightful this work is an indispensable resource for future african leaders as well as scholars interested in african history and development

power wealth and global order covers all important aspects of international relations the actors the dynamics of their interaction across national boundaries and the structures generated by these interactions

comparative perspective of civil society examines the role of civil society in the economic social and political development of several nations it uses a comparative perspective to explore the intriguing challenges that civil society organizations face in the development processes of various nations it argues that while the involvement of civil society organizations in the achievement of sustainable development is an extremely complex process it is paramount for stakeholders i e government officials ngos staff the private sector union professional association leaders and community based groups to increase their knowledge and cooperation
