a comprehensive handbook for all those who need a practical understanding of where and how the law may apply including publishers authors and agents

description coming soon

this book tells the story of how over centuries people society and culture created laws affecting supply

of information in the 21 century uniform global copyright laws are claimed to be indispensable to the success of entertainment internet and other information industries do copyright laws encourage information flow many say that copyright laws limit dissemination harming society in the last 300 years industries armed with copyrights controlled output and distribution now the internet s disruption of economic patterns may radically reshape information regulation information freedom a source of emancipation may change the world

publishing is one of the oldest and most influential businesses in the world it remains an essential creative and knowledge industry worth over 140 billion a year which continues to shape our education and culture two trends make this a particularly exciting time the first is the revolution in communications technology that has transformed what it means to publish far from resting on their laurels and retreating into tradition publishers are doing as they always have staying on the cutting edge the second is the growing body of academic work that studies publishing in its many forms both mean that there has never been a more important time to examine this essential practice and the current state of knowledge the oxford handbook of publishing marks the coming of age of the scholarship in publishing studies with a comprehensive exploration of current research featuring contributions from both industry professionals and internationally renowned scholars on subjects such as copyright corporate social responsibility globalizing markets and changing technology this authoritative volume looks at the relationship of the book publishing industry with other media and how intellectual property underpins what publishers do it outlines the complex and risky economics of the industry and examines how marketing publicity and sales have become ever more central aspects of business practice while also exploring different sectors in depth and giving full treatment to the transformational and much discussed impact of digital publishing this handbook is essential reading for anyone interested in publishing literature and the business of media entertainment culture communication and information

whose book is it anyway is a provocative collection of essays that opens out the copyright debate to questions of open access ethics and creativity it includes views such as artist s perspectives writer s perspectives feminist and international perspectives that are too often marginalized or elided altogether the diverse range of contributors take various approaches from the scholarly and the essayistic to the graphic to explore the future of publishing based on their experiences as publishers artists writers and academics considering issues such as intellectual property copyright and comics digital publishing and remixing and what it means not to say one is an author these vibrant essays urge us to view central aspects of writing and publishing in a new light whose book is it anyway is a timely and varied collection of essays it asks us to reconceive our understanding of publishing copyright and open access and it is essential reading for anyone invested in the future of publishing

whose book is it anyway is a provocative collection of essays that opens out the copyright debate to questions of open access ethics and creativity it includes views such as artist s perspectives writer s perspectives feminist and international perspectives that are too often marginalized or elided altogether the diverse range of contributors take various approaches from the scholarly and the essayistic to the graphic to explore the future of publishing based on their experiences as publishers artists writers and

academics considering issues such as intellectual property copyright and comics digital publishing and remixing and what it means not to say one is an author these vibrant essays urge us to view central aspects of writing and publishing in a new light whose book is it anyway is a timely and varied collection of essays it asks us to reconceive our understanding of publishing copyright and open access and it is essential reading for anyone invested in the future of publishing publisher s website

this book examines the relationship between the legal extension of copyright duration as an enduring means of copyright protection and the growth of the uk book publishing industry as a typical creative industry reliant on copyright the book draws on schumpeter s theory of creative destruction to analyse the implications of copyright law and policy on the book industry and illustrate the dynamic interaction between copyright expansion and the growth of the creative industries the book reviews the historical development of uk copyright expansion and also considers copyright in the digital age it explores the legal and economic concerns about copyright protection in general and the expansion of copyright duration in particular using an innovative empirical method it explores whether the expansion of the duration of copyright promotes or precludes the growth of book publishing industry it goes on to suggest changes to copyright policy which would have an impact on the economics of innovation in the creative industries this book will be of particular interest to scholars and students of intellectual property law
