prayer chapter we all have spiritual gifts being a intercessor is a gift to the body of christ this book will explain which type of intercessor you are to the body of christ also sometimes when we pray we don t know how to pray or what to pray this book will show you how to stay focus when praying i believe that if you are reading this book you are an intercessor for the body of christ the art to having a successful prayer life is based on the word of god each chapter dives deeply into how to strengthen your walk with christ and the holy spirit you will also learn how incorporate fasting to your prayer life as well fasting is a spiritual discipline that we all need to increase the power in our prayer life also setting the atmosphere when praying ushers in the presence of god for your prayer time you will learn how to incorporate worship into your prayer life it is my prayer that you are enriched as you read and learn the principles and precepts to having a successful prayer life

this is not a book to be read hastily but rather an aid to action it was not undertaken with the idea that the reader skim through it in one reading rather it should be carried over into life sincere readers who wish to practice the art of prayer correctly should as the reading progresses apply it to themselves to be acceptable for publication the book had to be abridged by one half it is full of repetitions and tedious passages my plan has been to follow the soul through the different stages of the life of prayer and at each stage to furnish it with a maximum of practicable basic principles for its spiritual advancement i have done this even at the risk of offering an excess of details which would most assuredly be irksome were the book intended to be read in one sitting all of these stages moreover resemble one another in certain aspects hence repetitions were necessary if each reader was to find not only what applies to his particular case but also the exact way in which it applies each one may then extract what he needs this method of procedure however could lead some souls into the pitfall of trying to apply all these suggested practices at once were they to do this they would become confused and would soon find themselves overburdened all i have done is to offer suggestions if i have presented an abundance of them my only intention was to give the reader a choice it is up to each one to take what is applicable to him and what he can reasonably shoulder always leaving himself free to take on more as he progresses prayer is a complex art with many nuances where progress is not only slow but requires as much prudence as it does diligence in the present volume i have limited myself to the ordinary forms of prayer to explore the relationship which exists between ordinary prayer and mystical prayer would have been an interesting study but the book would have assumed such proportions that it seemed preferable to defer the study of mystical prayer for a second work which will be directed to an entirely different class of readers i offer this book to the modern public with some apprehension it is no way flatters modern tendencies nor does it lay claim to any novelty by preference it is based on the foundations of

time tested traditions the style is so simple that it can be understood by the most unlearned and that at the risk of appearing to be somewhat puerile having this sacrificed art for utility it is my fond prayer that this book will nonetheless bear much fruit and that even its very shortcomings will help men of good will to find god in prayer
