in the face of limited progress toward meeting millennium development goals or
addressing climate change and resource degradation increasing attention turns to
harnessing the entrepreneurial innovative managerial and financial capacities of
business for improved social and environmental outcomes a more proactive role for
business in sustainable development is especially pertinent in sub saharan africa
which has been plagued by conflict and poverty but shows signs of a brighter
future as the world s second fastest growing region the book considers how the
socio economic context influences the objectives of social innovation and even our
definition of what we mean by social innovation secondly the book aims to show
how social innovation initiatives emerge and fare in context of the limited ability of
many african countries to provide public goods and services
