1 amazon best seller the ultimate guide to writing a game changing business plan in under 3 hours so you have an idea for a start up an idea that could potentially be worth millions even billions maybe its for a software program a multi platform app perhaps a new niche retail store this idea could change your life and even more it can change the world so now what how do you turn that idea in a real life thriving business how do you take some chicken scratch on a napkin and turn into a dollar symbol do you need to have your mba a ceo as your mentor or 200 million in seed

money no what you need is far more simple and it can be created in as little as 3 hours what you need is a business plan as simple as it sounds a business plan is a plan for your business think of it as the blueprint for a house it will show you how to go from start to finish while showing you all of the pieces you will need along the way a business plan will take an idea or concept for a business and can turn into a reality within as little as 3 hours in order to create a successful sustainable business you need a defined and developed strategy for acquisition of funds market analysis advertising structure scaling as well as several other elements your initial creation will by no means be a final copy however it will serve as a point to build from that will expand in line with the growth and vision of your business one of the keys to creating a successful business is the manner in which you implement your business plan in order to to do this you need a business plan that is all inclusive a plan that will account for future growth while being realistic about current position in this book i ll teach you everything you need to know so that you can build such an amazing business plan that it will turn your idea into a profitable and sustainable business model overnight broken down into simple and easy to understand concepts this book will guide you from start to finish while you create your business plan i ll show you exactly what should be in your business plan and what is simply a waste of time through practical examples and easy to replicate implementation i will help you create the foundation of a business that will be able to succeed for years and years to come with some sneaky tricks i have developed over the years you ll literally be able to short circuit the path to creation of your business plan and come out the other end with a far better finished product than you could have ever imagined start your business off on the right foot and learn how to make a stand out amazing business plan with this book today here is a preview of what you ll learn the principles philosophies of a successful business plan the tools techniques that can help you build you business plan hint not what you think tips tricks to ensure your business plan does not limit development growth how to complete research that will allow you to be in control of your target market how to utilize your business plan to start your dream idea now the top mistakes to avoid that beginners make with business plans much much more our personal guarantee we are so confident that methods outlined in this book will help you create an amazing business plan that we are willing to let you try the methods risk free if you are not fully satisfied with your results simply let us know and we will provide a 100 full refund that s right a 100 money back guarantee what reason do you have to not give this book a try scroll up click the add to cart icon on the right side right now clydebank media llc all rights reserved

this book is ideal for anyone with a business idea who wants to write their own business plan a step by step guide that includes two fully written business plan examples one is product based selling through multi channels the other is service based why do you need a business plan a business plan acts as a blue print a document to guide the directors during the start up phase and be referenced as the business expands you will be able to create a single document that describes your vision what you want your business to do and how you want to deliver it everyone involved in the business investors and staff will understand the business and work to the same plan and goals in this book you ll find everything you need to write a business plan here is just a taste of the things you will learn 1 how to layout and structure a business plan including essential chapters and paragraph headings 2 how to sell yourself as a business leader investors are just as interested in good leadership as they are in a good idea 3 how to make a business plan interesting and include only important details that are relevant 4 simple and different techniques to develop a realistic sales forecast develop an optimum selling price for a product or service 5 the importance of managing direct costs and overheads 6 different and effective supply chain models and how to work in partnership with suppliers 7 how

to manage risk including tools to help with the difficult decision to start a business
8 how to conduct market research to understand your target market and how to reach them develop a marketing strategy in tailored programmes of work 9 how to use the two business plan examples and tailor them to your own business plan about me i have been writing business plans for over 20 years for large corporations small company start ups and the national health service nhs i have seen first hand the positive effect of business planning and the negative side of failing to plan properly i am deeply passionate about providing everyone with access to good information before starting a business my how to guide explains how to get started manage risk and how to transition from paid employment to be your own boss

at last a complete business plan guide just for independent consultants and who better to write it than north america's 1 bestselling author on consulting unlike most general business plan books that focus on raising capital and applying for loans this unique do it yourself guide concentrates on defining services and products written by hermanholtz the nation's leading expert on making it as an independent consultant it tells you everything you need to know to develop a realistic workable business plan that prepares you for any contingency and helps guide your day to day decision making as your business flourishes and grows numerous illustrations and worksheets guide your every step and save you the drudgery of starting from scratch this book covers all business planning topics of crucial concern to consultants including defining your products or services market research and sales strategies rate structures and income projections worksheets to help you create objectives and set goals sample business plan includes the author's disk to help you prepare your business plan from defining your services and target market to estimating start up costs setting rates and consulting fees and projecting income boilerplate contracts and letters of agreement are also provided

planning is essential to creating a competitive advantage for your small business and properly done it can actually be fun that is the message of this thorough guide written in easy to follow nontechnical language that you don't need an mba to understand in what areas will your business specialize what are some of the resources you will need and challenges you will face how much do you want your company to grow once you have established a vision of your business's future you will be on your way to making it a reality topics covered include creating a business model identifying and beating the competition calculating expenses determining whether you need additional capital avoiding common mistakes writing your executive summary developing a marketing strategy evaluating your team analyzing your progress and more whatever your background and whatever kind of business you dream of starting this latest installment in our popular pocket small business owner's guide will help you to achieve your goals

table of contents introduction structure of the business plan company and financing company overview strategic and market analysis industry analysis competition pricing marketing plan financial projections how to create a profit and loss statement executive summary conclusion the whole business plan author bio introduction if you have bought this short book you are probably thinking about starting your own business we live in the 21st century and we have more business opportunities now than ever before today it is possible to start a global online business and to manage companies that are thousands of miles away from home the technology has made our lives much easier the reason you are reading this book is probably not because you don't have the idea but because you need to create a business plan and convince investors that what you plan to do is profitable before you continue reading this book i want to tell you that there is nothing to be afraid of

yes writing a business plan is a bit difficult and complicated as you need to pay attention to details but yes you can write it in this short guide we will go step by step through everything you need to know in order to write a business plan also i am going to create a fictitious company and create a business plan for it that way you can see how a complete business plan is written step by step before we start you need to know that when you are writing the business plan you should not only think as yourself but as the owner as well remember the goal is not to convince you the goal is to convince the investors so you need to put yourself in the position of the investor and make sure that what you have written is done really really well the key to writing a good business plan is not only to have all the sections written such as marketing plan financial projection and so on but also to have answered all the questions that the investor might have for the project you re presenting always keep this in mind i will remind you of this many times during this book as i am going to write the potential questions with italic font this was a short introduction to what to expect in this book now let s get started

a comprehensive guide to every aspect of preparing and using a business plan newly updated and revised new businesses and existing businesses fare better with well thought out plans it is essential to have a good business plan to raise capital either for a new venture to get additional capital or within most corporations for new initiatives or for accelerated growth provided by publisher

the complete idiot s guide to business plans offers both the tactical and economic considerations to start and sustain your company and keep ahead of the competition the book explores the crucial elements of a business plan with examples information about credit and how it is perceived by investors expert marketing suggestions and effective strategies for putting together operational and sales plans

after coaching over 1 000 entrepreneurs i came up with a way to ease into business planning i realized that every business has 3 core elements product marketing financials that led me to develop the concept of the 3 tier business plan which can be as short as 3 sentences to get you easily and comfortably started once you have your 3 sentence business plan i show you how to extrapolate it into a 1 page business plan after you have the 1 page business plan i show you how to extrapolate it into a full business plan are you tired of being confused about how to write your business plan are you stuck on writing it i understand how it feels i ve coached over 1 000 entrepreneurs to create a business plan and i will help you too when you finish this business plan course you will be able to write a fantastic business plan that gets the attention of investors your business plan will help you get moving in the direction of obtaining the wealth and success you have been dreaming of for yourself and your family try the course now and get on the path to achieving these goals this course teaches you to write a business plan by going through each section of a business plan one by one explaining what to write in each section of the business plan who this business planning course is for people just starting a business people stuck on writing a business plan people who want to create a great strategy before starting their business people who need a business plan to help them raise money beyond business planning each section of the business plan gives you actionable advice for how you can handle that part of your business during the execution phase once you get started i wish you much luck success and enjoyment in your business i sincerely hope that this course helps you and look forward to hearing about your future success sign up now and start moving your business forward today sign up for this business plan course today and get on your way to creating a fantastic business plan and then your dream of creating a fantastic business who is the target audience 1 entrepreneurs 2 small business owners 3

people who want to start a business

in writing this book i was determined to help improve businesses secure funding from investors or lenders and provide a compelling vision to motivate staff and employees focusing on these motivations i have written the essential guide to writing a business plan like a professional for business owners to easily create high quality business plans i have sought to address several key questions and concerns that leaders often encounter how to format a business plan what sections to include what type of funding to look for what are the required supporting documents the book has examples and templates to get you started quickly and produce a first draft for your business in just a few hours with 11 unique steps i have tried to build the book s information in such a way that it will guide readers in creating effective business plans the structure of this book is designed to take the readers through each of the questions therefore the sequencing of the chapters is important against this background i can specify the book s aim as to help business owners and leaders understand the major aspects of creating successful business plans to highlight and demonstrate how to present important information about your company concisely and creatively to attract funding to demonstrate how to include and use your business s information to get a superior business plan for your team prospective investors lenders and partners to give full recognition to the problems of writing a business plan and how these problems might be dealt with this book can be said to be very suitable for business owners who may need funding or partners for their businesses but found it difficult to write a perfect business plan besides this it is ideal for business owners who want to create a business plan for their use the guidelines will provide readers with the ability to identify and understand what is regarded as essential information to include in a business plan this will help them to plan for the growth of their businesses identify key investors lenders or partners and motivate staff the essential guide to writing a business plan like a professional is a powerful tool that will help readers to focus on what is crucial and what is going to make a difference for your business learn how to write an engaging business description market analysis and demand estimation company s structure and management and much more these guidelines will help your business plan stand out helping your business achieve its goals

lay down the foundations of a successful business venture through a thoroughly researched and competitive business plan based on tried and tested business methodology used at the leading business school cranfield school of management this 10th edition of the business plan workbook guides you through all the necessary steps to constructing a winning business plan this is a practical run through of 26 key areas of development of strategic planning it will allow you to think of these areas in isolation through the use of assignments that ensure you have stress tested your business proposition this guide covers how to come up with a winning business idea complete market and competitive research set up a winning marketing strategy forecast watertight financials and projections define realistic operations and staffing deliver an unforgettable pitch to potential backers and investors this new and fully updated edition includes 67 business case studies that show you how successful entrepreneurs have dealt with strategic planning in the past the content has been streamlined to focus on the most critical parts of business planning ensuring you spend time where it matters and stay competitive with new information resources and financial planning consideration this is an invaluable guide for entrepreneurs business executives and students

having trouble getting the backing you need for your business plan waiting for calls to be returned that never are are the people you need to talk to always in meetings you re not alone too many business owners have been sold the myth that business

plans are all about finance but if you're not getting the cash you need odds are it's nothing to do with your financial numbers any halfway competent accountant will have made sure those pass muster here's what's really happening either investors and lenders don't believe your plan or it isn't compelling enough to get to the top of their approval pile numbers alone do a poor job of fixing either of those problems rather you need to convey your enthusiasm better and provide solid evidence you'll deliver on your business plan how to build a better business plan is not about numbers or financial models instead it focuses on exactly how to create a compelling and evidence backed business plan which gives investors and lenders the confidence they need to say yes inside this easy to follow step by step action guide you'll discover how investors and lenders really read a business plan page 31 spoiler it's not how you think the real value of preparing a business plan and this has nothing to do with raising finance page 13 how to handle the awkward questions you'd rather gloss over page 36 the one question on the mind of every potential investor or lender page 156 if you don't have enough of this you can kiss your business plan goodbye page 83 this is the biggest source of competition for most businesses yet very few business plans set out what they're going to do about it page 111 and much much more you also get a free downloadable fill in the blanks business plan template making sure you cover all the bases and don't miss any opportunities to secure the support you need get that right and you give investors and lenders the confidence they need to back you instead of you having to chase them they'll be chasing you people will come out their meetings to take your calls you'll have them on your side right out of the starting gate to achieve your dreams and ambitions you need a business plan which makes it easy for investors and lenders to say yes why not start yours today about the author alastair thomson started out as an accountant but has since worked in ceo chairman and independent non executive director roles giving him a rare perspective from all sides of the business planning process he has compiled reviewed advised on presented or approved business plans for over 25 years as a senior executive and advisor for small and medium sized businesses and multinational organisations
