Edward Said is one of the foremost thinkers writing today his work as a literary and cultural critic a political commentator and the champion of the cause of Palestinian rights has given him a unique position in Western intellectual life this new book is a major exploration and assessment of his writings in all these main areas focusing on Said's insistence on the connection between literature politics and culture Kennedy offers an overview and assessment of the main strands of Said's work drawing out the links and contradictions between each area the book begins with an examination of Orientalism one of the founding texts of post colonial studies Kennedy looks at the book in detail probing both its strengths and weaknesses and linking it to its sequel Culture and Imperialism she then examines Said's work on the Palestinian people with his emphasis on the need for a Palestinian narrative to counter pro Israeli accounts of the Middle East and his searing criticisms of US Israeli and even Arab governments the book closes with an examination of Said's importance in the field of post colonial studies notably colonial discourse analysis and post colonial theory and his significance as a public intellectual this book will be of great interest to anyone studying post colonialism literary theory politics and the Middle East as well as anyone interested in Said's writings

The Edward Said Reader presents key selections from Said's works from his groundbreaking 1966 study of Joseph Conrad through Culture and Imperialism to the recent critically acclaimed memoir Out of Place

Edward Said has long been considered one of the world's most compelling public intellectuals taking on a remarkable array of topics with his many publications but no single book has encompassed the vast scope of his stimulating erudition quite like *Power, Politics and Culture* a fascinating oblique entry into the mind of one whose own writings are a brilliant questioning chronicle of contemporary culture and values. Nadine Gordimer in these twenty-eight interviews Said addresses everything from Palestine to Pavarotti from his nomadic upbringing under colonial rule to his politically active and often controversial adulthood and reflects on Austen, Beckett, Conrad, Naipaul, Mahfouz and Rushdie as well as on fellow critics Bloom, Derrida and Foucault. The passion Said feels for literature, music, history and politics is powerfully conveyed in this indispensable complement to his prolific life's work.

Edward Wadie Said 1935–2003 Palestinian American literary theorist

Here is the first comprehensive introduction to Edward Said's literary, political and cultural thinking drawing upon Said's journalism as well as his more formal works. Ashcroft and Ahluwalia reveal Said's contemporary significance while acknowledging the groundbreaking significance of Said's *Orientalism*. This book demonstrates that the key to his work lies in its concept of worldliness and in his demonstration of the paradoxical nature of identity formation in the post-colonial world.

A landmark work from the author of *Orientalism* that explores the long overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it. Grandly conceived, urgently written and urgently needed, no one studying the relations between the metropolitan West and the decolonizing world can ignore Mr. Said's work. The *New York Times* book review in the nineteenth and early twentieth centuries as the Western powers built empires that stretched from Australia to the West Indies. Western artists created masterpieces ranging from *Mansfield Park* to *Heart of Darkness* and *Aida*. Yet most cultural critics continue to see these phenomena as separate. Edward Said looks at these works alongside those of such writers as W. B. Yeats, Chinua Achebe and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance. Vast in scope and stunning in its erudition, *Culture and Imperialism* reopens the dialogue between literature and the life of its time.

A distinguished panel of contributors assess and expand Edward Said's many contributions to the study of colonialism, imperialism and representation that have marked his career: long struggle to end conflict and further the effort to build civiliza-

Edward Said's intellectual journeys have taken him around the globe and across many disciplinary borders. Author of *Orientalism* and *The Word, the Text and the Critic*, Said has been widely influential in shaping contemporary debates in the humanities and social sciences from literature and history to anthropology and area studies. Most famously, perhaps he has also been for two decades the most visible spokesperson for the Palestinian cause in the United States and increasingly in Britain. A familiar figure on American television and a member of the Palestinian Parliament in exile from 1977 to 1991, this volume is the first book-length examination of Said's remarkable career, providing a critical survey of his writings and an interim assessment of his achievements in both the cultural and political spheres. This collection includes essays on the Arab-Islamic context of Said's work, his reception among Israeli and American Jews, the institutional contexts of his cultural criticism and his interventions in Middle Eastern politics. The book concludes with a lengthy interview in which Edward Said comments on his youth in Cairo, on the current state of political and cultural criticism in the United States and on the increasing integration of his own political and cultural writings in recent years.
