Kõresaar Peter Handyside MacKerlie

in this book originally published in 1967 the author gives his views of history from reflection on living history as distinct from books about past history he sees histories as the related histories of individuals and gives an account of the meanings in those individuals lives and defends the beliefs dominantly held in relation to them he challenges professional historians to concern themselves with the fundamentals of history and philosophers to return to the consideration of problems persistent in the previous history of philosophy occidental and oriental

there are several characteristics of nathan rotenstreich s work which are striking his thoughtful writings are both subtle and deep they are steeped in his critical appreciation of other thinkers of this and preceding times an appreciation which is formed by his learned understanding of the history of philosophy and with all this he has an original and independent intelligence he has from time to time brought his skills to bear upon historical scholarship most notably perhaps in his book between past and present 1958 2nd edition 1973 his interpretive essays in the philosophy of history philosophy history and politics 1976 and his scholarly work concerned with the influence of historical development upon modern jewish thought tradition and reality 1972 related to these and equally works of that philosophical humanity which professor rotenstreich embodies are his humanism in the contemporary era 1963 spirit and man an essay on being and value 1963 and reflection and action 1983 rotenstreich combines both the naturalistic and the phenomenological attitudes in an interesting and illuminating way through the full spectrum of issues in the philosophy of history in this century surely he sets boundaries to any doubtful extrapolation not only would he bring the understanding of history back from those who claim it as only a positive science but equally would he prevent the transformation of that understanding into merely speculative inquiry

quentin skinner is one of the world s leading historians his work includes pioneering studies of machiavelli and hobbes as well as important research on changing ideas of liberty and the state his classic 1969 essay meaning and understanding in the history of ideas was a ground breaking challenge to prevailing ideas about how to read historical texts and helped to found an influential school of interpretation the essay is still the most widely read article in the area and continues to breed debate this book celebrates the 50th anniversary of skinner s seminal essay with chapters that offer constructive critiques and expansions of his ideas drawing in part on developments in digital humanities empirical social science and other areas we focus not just on theory but also practice what are the practical implications of these arguments for other researchers at the end of the book professor skinner responds to

these commentaries

nicolas barker obe fba has made many contributions to the study of the book in celebration of his 70th birthday the british library has published a selection of his essays that show the range of his interests in a number of related fields books and texts books and people typography and early printing the history of the book bookselling and forgery none of these essays has previously been reprinted and collectively they offer a series of authoritative insights into various aspects of the book as physical and cultural artefact the collection is prefaced by an introduction by alan bell former librarian of the london library
