excerpt from farming for profit a handbook for the american farmer a practical work devoted to agriculture and mechanics fruit growing and gardening live stock business principles home life and showing how to make money preserve health and secure happiness on the farm the farmer should keep himself and his family supplied with reading of the best quality and plenty of time in which to use it should be taken like the men in all other callings the farmer needs books and papers which are devoted to his special pursuit the attempt to get along without them is ruinous in these days of close competition the man who is to succeed must be well informed ignorance cannot successfully compete with knowledge the boys too need these books and papers in order to give them an intelligent comprehension of the methods which should be pursued and to lead them to take an active interest in the farm work but they should not be restricted to this class of reading the best papers for the young should be furnished and the newspapers should also be supplied so that they and their sisters may know what is going on in the world the wife and mother should not be forgotten but some good home magazine should be taken for her especial benefit she needs something of this kind still more than the other members of the family she is tied more closely to the home her duties are very exacting and her health is often poor the monotonous drudgery of isolated farm life has a terribly destructive effect if it is not counteracted by the rest and recreation which is always needed but seldom taken when the ceaseless round has been too long followed the health of body or mind or both will give way the asylums for the insane contain a very large proportion of farmers wives brought theic by the combined effects of overwork and a monotonous life the magazine and newspaper lead the thoughts into new channels occupy the mind with subjects outside of its ordinary routine and thus refresh the body while preserving the health of the mind the farmer and his family all need periods of rest and recreation an occasional day spent in visiting friends will be positively beneficial to the health and will give an increased efficiency to the labor which is performed as well as properly develop the social feelings the grange has proved an immense aid to farmers and their families in these as well as in other directions there was

a great need of something which should lead them out of themselves and break up the isolation and routine in which their lives were involved lectures and occasional concerts should also be attended but all low shows and even the ordinary grade of the circus should be carefully avoided a good managerie is an excellent thing for children and grown people to see but many of the shows which travel around the country are of little value and in some respects are extremely harmful it is a good plan to give the last half of each saturday afternoon to the boys and girls for their own enjoyment instead of trying as too many do to crowd about a third more work into saturday than they perform any other day of the week the farmers should make its labor lighter and finish it early about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com)

a guide to starting and operating a successful small farm

excerpt from the farm woodlot a handbook of forestry for the farmer and the student in agriculture it is the purpose of this book to aid the farmer in the establishment care and utilization of such small patches or plantations of timber as may be maintained in connection with the farm the actual operations and the information necessary to conduct them are described accurately we hope but in a brief and popular style the history and significance of the forests are briefly sketched as a background for the more specific data which apply directly to the woodlot but the complicated and technical problems which are encountered only in the management of large tracts of forest have been carefully avoided it is hoped that the volume will prove of value to the woodlot owner as a handbook in the proper management of his tree crop and as a textbook for the agricultural student who should be familiar with the possibilities of all his farm lands the authors are under obligation to the united states forest service for plates 1 2 10 11 12 14 18 24 25 27 29 30 33 34 36 to 54 and 56 to 62 inclusive about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
