thirty years after its publication the death and life of great american cities was described by the new york times as perhaps the most influential single work in the history of town planning it can also be seen in a much larger context it is first of all a work of literature the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book s arguments jane jacobs an editor and writer on architecture in new york city in the early sixties argued that urban diversity and vitality were being destroyed by powerful architects and city planners rigorous sane and delightfully epigrammatic jacobs s small masterpiece is a blueprint for the humanistic management of cities it is sensible knowledgeable readable indispensable the author has written a new foreword for this modern library edition

46 full length studio portrait photographs halftones by krausz each accompanied by a page of text subjects are men women and children commonly seen on the streets of chicago photographed with objects of their occupations include workmen newspaper boys street vendors street musicians representatives of various ethnic groups and social classes etc in all 23 texts are by krausz others some in verse are by le roy armstrong charles eugene banks edgar c blum sam t clover franklin h head george horton ben king james maitland john mcgovern ed r pritchard opie read john ritchie wolf von schierbrand stanley waterloo frank b welch and c b whitford

despite having no formal training in urban planning jane jacobs deftly explores the strengths and weaknesses of policy arguments put forward by american urban planners in the era after world war ii they believed that the efficient movement of cars was of more value in the development of us cities than the everyday lives of the people living there by carefully examining their relevance in her 1961 book the death and life of great american cities jacobs dismantles these arguments by highlighting their shortsightedness she evaluates the information to hand and comes to a very different conclusion that urban planners ruin great cities because they don t understand that it is a city s social interaction that makes it great proposals and policies that are drawn from planning theory do not consider the social dynamics of city life they are in thrall to futuristic fantasies of a modern way of living that bears no relation to reality or to the desires of real people living in real spaces professionals lobby for separation and standardization splitting commercial residential industrial and cultural spaces but a truly visionary approach to urban planning

should incorporate spaces with mixed uses together with short walkable blocks large concentrations of people and a mix of new and old buildings this creates true urban vitality

get the summary of jane jacobs s the death and life of great american cities in 20 minutes please note this is a summary not the original book jane jacobs the death and life of great american cities examines the complex social and urban fabric of cities emphasizing the importance of vibrant streets diverse communities and local self governance she critiques the failures of urban renewal which often exacerbates safety and community issues by misunderstanding the role of public spaces and informal surveillance jacobs highlights the significance of eyes on the street where businesses and pedestrian activity contribute to safety and community trust

published to coincide with the 50th anniversary of its initial publication this special edition of jane jacobs s masterpiece the death and life of great american cities features a new introduction by jason epstein the book s original editor who provides an intimate perspective on jacobs herself and unique insights into the creation and lasting influence of this classic the death and life of great american cities was described by the new york times as perhaps the most influential single work in the history of town planning it can also be seen in a much larger context it is first of all a work of literature the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book s arguments jane jacobs an editor and writer on architecture in new york city in the early sixties argued that urban diversity and vitality were being destroyed by powerful architects and city planners rigorous sane and delightfully epigrammatic jane jacobs s tour de force is a blueprint for the humanistic management of cities it remains sensible knowledgeable readable and indispensable

three books all written by women in the early 1960s changed the way we looked at the world and ourselves rachel carson s silent spring betty friedan s the feminine mystique and jane jacobs s the death and life of great american cities all three books created revolutions in their respective spheres of influence and nothing affected city planning and architecture or the way we think about how life is lived in densely packed urban centers more than jane jacobs s far sighted polemic here is the first book for young people about this heroine of common sense a woman who never attended college but whose observations determination and independent spirit

led her to far different conclusions than those of the academics who surrounded her illustrated with almost a hundred images including a great number of photos never before published this story of a remarkable woman will introduce her ideas and her life to young readers many of whom have grown up in neighborhoods that were saved by her insights it will inspire young people and readers of all ages and demonstrate that we learn vital life lessons from observing and thinking and not just accepting what passes as conventional wisdom

a physician makes observations on american life for an english audience a memoir of the doctor born in new hampshire which leads him toward commentary on american politics slavery education and morality
