in this classic work internationally known viennese psychiatrist viktor e frankl founder of the school of logotherapy sets forth the principles of existential psychiatry he holds that man's search for meaning in existence is a primary facet of his being if the search is unrequited it leads to neurosis the role of the therapist then is to help the patient discover a purposefulness in life

from the author of man's search for meaning one of the most influential works of psychiatric literature since freud holocaust survivor viktor e frankl is known as the founder of logotherapy a mode of psychotherapy based on man's motivation to search for meaning in his life the author discusses his

ideas in the context of other prominent psychotherapies and describes the techniques he uses with his patients to combat the existential vacuum originally published in 1969 and compiling frankl s speeches on logotherapy the will to meaning is regarded as a seminal work of meaning centered therapy this new and carefully re edited version is the first since 1988

table of contents 1 the philosophical foundations of logotherapy 2 existential dynamics and neurotic escapism 3 beyond self actualization and self expression 4 logotherapy and existence 5 dynamics and values 6 psychiatry and man s quest for meaning 7 logotherapy and the challenge of suffering 8 group psychotherapeutic experiences in a concentration camp 9 in memoriam 10 collective neuroses of the present day 11 existential analysis and dimensional ontology 12 paradoxical intention a logotherapeutic technique 13 psychotherapy art and religion 14 an experimental study in existentialism the psychometric approach to frankl s concept of noogenic neurosis 15 the treatment of the phobic and the obsessive compulsive patient using paradoxical intention

logotherapy and existential analysis has been internationally recognized for decades as an empirically supported humanistic school of psychotherapy evidence for the growing significance of logotherapy includes institutes societies and professorships in many countries of the world as well as conferences and publications on the theory and therapy of neuroses an introduction to logotherapy and existential analysis the translation of viktor frankl s theorie und therapie der neurosen by james m dubois will allow for the first time english only readers to experience this essential text on logotherapy

this major new work allows readers access not only to the contributions of viktor frankl but to the grand extrapolations that have been made by those who have learned from him like a force of nature the logotherapy paradigm shows us the vision in its roots and the core in its branches the editors have divided the chapters into four sections theoretical and philosophical perspectives expanding logotherapy in theory and practice principles of treatment and new applications and research in logotherapy and an international panel of 30 contributors has filled them with rich multifaceted perspectives

in this helpful guide the author explains the pioneering work of dr viktor frankl and his theories of logotherapy this volume will enable helping professionals to supplement traditional methods of psychotherapy with logotherapy techniques to improve their effectiveness through clearer understanding of their clients problems professionals can then derive greater personal meaning and satisfaction from their work thereby lessening the potential for stress and burnout book jacket title summary field provided by blackwell north america inc all rights reserved

healing ministry is based on our experiences of using viktor e frankl s logotherapy during the past twenty years it is based upon selected articles we

wrote while working as psychiatrist edward marshall psychologist maria marshall clinical counselor and psychotherapist maria and edward marshall the first article healing through meaning was written by maria marshall in 1994 it was submitted in preparation for the tenth world congress on logotherapy which was held in july 1995 the paper was presented in an abbreviated format this was the first international conference on logotherapy that maria attended the tenth world congress allowed her to meet and to study with other distinguished logotherapists such as dr elisabeth lukas the second article seeds of reconciliation in logotherapy was written in 2000 it was submitted for presentation at an international conference on logotherapy which was scheduled for the year 2001 in rome italy unfortunately in the wake of the terrorist attacks in september 11 2001 the conference was cancelled the paper has been recently re constructed with help from edward marshall and appears in this text a shorter version of it has been submitted as an article for publication in the international forum for logotherapy ifl the third article logotherapeutic principles in marriage therapy was written in the same year 2000 and was presented at the international conference of transcultural psychiatry in andorra in 2001 the photo on our cover page was taken in andorra it is entitled the dancing couple and is the most photographed statue and symbol of the principality of andorra shortly after the conference in andorra maria marshall and edward marshall met edward marshall at the time was working in the united kingdom as psychiatrist families and the search for meaning is a recent writing 2012 and it is based on our past ten years of marriage and family life together raising our children is helping us to appreciate the challenges of balancing work life and home life and creating a safe and nurturing environment for our children where they feel protected and valued our aim is to aid other families who encounter similar challenges the fifth article the role of logotherapy education in the treatment of personality disorders is based on edward marshall s work as psychiatrist and psychotherapist during his many years of experience of treating people with personality disorders marshall came to appreciate and to integrate the principles of viktor frankl s logotherapy into his everyday practice it was recently submitted for presentation at the upcoming fourteenth world congress on logotherapy in dallas texas in june 2013 the sixth article logotherapy and the physical health of people suffering with mentally ill patients was written by dr edward marshall in 2005 on the occasion of viktor e frankl s one hundredth birthday anniversary it is based on his experiences of working as family physician in spain and psychiatrist in the united kingdom the seventh and last article from emotional suffering to triumph building courage through the rainbow exercise is a recent article by maria marshall 2013 submitted for publication in the ifl its purpose is to inspire courage and hope for clients and therapists and draws on her self experience of parent and therapist

viktor e frankl the founder of the meaning centred psychotherapy called logotherapy was awarded 29 honorary doctorates from around the world for his work one distinguishing feature of this form of psychotherapy is that it works well in the long term as well as providing short time relief this is more and more important in view of the increasing numbers of people in the world who suffer from mental instabilities or disorders the two renowned authors of this book offer exciting insights into the practical application of logotherapy in doing so they inspire readers to come up with ideas and tips

for their own lives

this book is a seminal contribution to applied and clinical logotherapy and existential analysis from a philosopher who is also a practitioner it covers twelve essential topics and themes drawing on dr viktor frankl s viennese school of philosophical psychology from therapeutic techniques such as dereflection paradoxical intention and socratic dialogue to the mass neurotic triad of aggression addiction and depression it also discusses the cultural malaise of anger anxiety and boredom and the theory and therapy of mental disorders such as neuroses and psychoses criminality and suicidality this unique publication which is both theoretical and practical is intended primarily for psychotherapists philosophers psychologists and psychiatrists but will also appeal to parents teachers students and indeed anyone who wishes to live a life of meaning and mental health

this landmark volume introduces the new series of proceedings from the viktor frankl institute dedicated to preserving the past disseminating the present and anticipating the future of franklian existential psychology and psychotherapy i e logotherapy and existentialanalysis wide ranging contents keep readers abreast of current ideas findings and developments in the field while also presenting rarely seen selections from frankl s work established contributors report on new applications of existential therapies in specific ocd cancer end of life issues and universal the search for meaning contexts as well as intriguing possibilities for opening up dialogue with other schools of psychology and this initial offering establishes the tenor of the series by presenting varied materials across the field including archival and unpublished articles and lectures by frankl peer reviewed studies on logotherapy process measures and research new case studies using logotherapy and existential analysis in diverse settings papers advocating cross disciplinary collaboration philosophical applications of existential psychology critical reviews of logotherapy related books volume 1 of logotherapy and existential analysis will attract a wide audience including psychologists clinical social personality positive psychotherapists of different schools psychiatrists in private practice and researchers in these fields practitioners in counseling pastoral psychology coaching and medical care will also welcome this new source of ideas and inspiration

ann graber has written a study that can add a new chapter to our understanding of psychotherapy and its place in western culture the story of sigmund freud is well known along with his founding with alfred adler of the psychoanalytic movement in vienna at the beginning of the 20th century what is not so well known is the role played by another viennese psychotherapist viktor frankl whose life spanned almost the entirety of the 20th century it is true that frankl is known to many readers from his book man s search for meaning 1959 the gripping story of his survival in a nazi concentration camps but not equally well known is the school of psychotherapy that he founded which was validated by that harrowing experience in the midst of his overwhelming suffering he had an insight into the creative capacity of the human spirit in time of crisis that freud and the early members of his

psychoanalytic circle had not directly explored publisher website

presents a comprehensive review of research material on meaning in life the central premise of logotherapy which was developed by viktor frankl

teria shantall the quest for destiny is a theme of logotherapy developed by the founder of this therapy dr viktor frankl a holocaust survivor logotherapy is a way of life it acts as catalyst by provoking and or evoking value and meaning consciousness on the part of the client logotherapy s uniqueness and relevance is that it highlights not only our own but the world s quest for meaning although logotherapy is primarily presented in its original context of the holocaust and jewish thought it can be applied in any context
