an incisive historical and theological insight into the great 19th century baptist with emphasis on the doctrines that moulded his life and thought two lectures a catalogue of bible commentaries and exposition together with a complete textual index of sermons students of the word do not find it easy to choose which works to buy and their slender stores are often wasted on books of a comparatively worthless kind many are persuaded that they should expound the word but being unversed in the original tongues they can only fall back upon the help of their english concordances and are left floundering about when a sound comment would direct their thoughts to that end spurgeon compiled this catalog for the use of ministers of average attainments yet who are thoughtful and discerning men the brief reviews are spurgeon own opinions

the question of how theology shapes a christian historian s reading of the past has been debated thoroughly in various academic periodicals should historians recognise the role of providence in their accounts of past events should they sympathise with their subject s theology can objectivity be lost due to theological bias and last but not least is there a compromise of faith if one writes natural instead of supernatural history such questions are important for understanding the historian s profession arnold dallimore who trained and specialised in pastoral ministry in canada wrote an influential biography of the revivalist george whitefield as well as others on charles and susanna wesley edward irving and charles spurgeon how did his reformed theological perspective impact his historiography how does his work fit into larger historiographical debates concerning the nature of christian history while other books look at christian historiography using abstract and

methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian it does so by placing dallimore in the context of being a minister in twentieth century canada as well as his role in the development of reformed theology in the anglosphere it also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of christianity and slavery and the question of charismatic religious experience his study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian

how should the people of god respond to social issues alex diprima looks back to an unexpected source for answers prince of preachers charles h spurgeon diprima examines how spurgeon s belief that gospel preaching should be the church s mission informed his benevolence and social concern

how would you get more than 5 000 people to show up at your church almost every pastor feels the pressure to get people in the doors more people means more success more stability and more godly influence right often in their zeal for fruit and growth pastors and church leaders adopt worldly mechanisms for church growth that end up undermining the very call god has given them charles spurgeon the prince of preachers was a pastor to well over 5 000 people in a day long before mega churches were the norm but you might be surprised to know that spurgeon s vision for ministry was not pragmatic he did not borrow best practices from the business leaders of his day rather his ministry vision was decidedly staunchly biblical and theological in nature and it was a ministry vision we ought to adopt more than a century later in spurgeon the pastor geoff chang director of the spurgeon library at midwestern seminary shows how spurgeon models a theological vision of ministry in preaching baptism and the lord s supper meaningful church membership biblical church leadership leadership development and more don t get caught up in worldly methods to pursue ministry growth follow the example of the prince of preachers and entrust your ministry to
