using proven methods of studying learning and reading student success in medical school delivers the practical real world information you need to optimize your learning and analytic abilities in medical school and beyond written by a medical doctor who understands exactly what it takes to increase educational performance this comprehensive guide covers all the important elements involved in learning new knowledge how to balance your studies and clinical rotations and most importantly how to apply knowledge in clinical practice explore the proven methods of studying learning and reading that work best for different types of students all based on the latest research in learning strategies and why they re beneficial learn the best strategies for taking different types of exams time management and how to balance your studies with a healthy lifestyle discover how to read faster learn more efficiently and apply the knowledge to your field benefit from concise easy to read chapters on stress management healthcare literacy motivation and mindset goals and goal setting accelerated learning mentors memorization techniques and much more

my purpose in writing this short book is to share my thoughts with my loved ones especially the children in my life i hope these words will be a lasting legacy to my children and grandchildren as they grow up and after i am gone none of these thoughts are original or insightful they are simple truths and ideas but young people seldom take the time to sit down and think about basic things as people like me get older we see young people make mistakes or suffer or destroy relationships and friendships over simple and obvious issues i have often looked back and wished i had made some small things part of my approach much earlier in my life i still often wish i could impart some time gathered wisdom to my children and grandchildren to smooth their path allow them to avoid mistakes and give them a long term perspective in this short term short sighted world this book is my effort to share some of

what i have learned these short chapters are not an exhaustive examination of the topics under discussion rather they are straight to the point and simple as a grandfather would make the point to a young person who is not excited about sitting down for a long discussion about meaning of life issues with granddad i hope the young people who read these words will get the gist for those who need more depth hopefully these words will get the discussion started i plan to share this book with my grandkids i hope it will be of interest to them but just as important i hope this book will be read and appreciated by many grandparents who love their grandchildren maybe my words will give them a chance to have a short discussion with their own loved ones they can share all or some of the points as they see fit they can share my thoughts and add to them their own take if they agree with me this may be an easy way to share some truth and advice if they disagree this will be a good place to begin the conversation i pray that once the habit of discussion with their grandchildren is established they can share other thoughts that are important to them god speed frank sanders

we are a nation of plenty of opportunity and luxury but we are also a nation flush with fury homicides assaults domestic abuse youth violence and even road rage are too common let alone everyday outbursts of temper that harm family members friends peers and co workers the market for anti anger mood stabilizing drugs is booming as is the market for anger management counseling and classes what is happening in this book a team of experts who ve been traveling the nation presenting workshops on rethinking anger start by telling us this anger is normal nature hardwired into our brains for protection but here is the paradox anger out of control destroys yet anger understood and controlled is a constructive force one that can be used for creativity change and growth authors baruch grotberg and stutman show us how to take charge of this powerful emotion so it can be used in constructive ways rather than destructive using the anger energy constructively can release creative potential and be liberating we are a nation of plenty of opportunity and luxury but we are also a nation flush with fury homicides assaults domestic abuse youth violence and even road rage are all too common let alone everyday outbursts of temper that harm family members friends peers and co workers the market for anti anger mood stabilizing drugs is booming as is the market for anger management counseling and classes what is happening in this book a team of experts who ve been traveling the nation presenting workshops on rethinking anger start by telling us this anger is normal nature hardwired into our brains for protection but here is the paradox anger out of control destroys yet anger understood and controlled is

a constructive force one that can be used for creativity change and growth authors baruch grotberg and stutman show us how to take charge of this powerful emotion so it can be used in constructive ways rather than destructive using anger energy constructively can release creative potential and be liberating ten years of research and workshops have honed the knowledge and skills of this author team and here they guide us to taming our anger into a positive force this book will be useful to all trying to tame their own anger or that of others close to them it will also be of interest to teachers counselors managers and students of psychology
