a collection of essays on the foundational themes of freedom and spontaneity in immanuel kant s philosophy

first published in 2003 routledge is an imprint of taylor francis an informa company

no detailed description available for the concept of freedom in anthropology

this book argues that governments have a duty of care to protect their own democratic processes from subtle degradations and that independence from the gambling industries needs to be proactively built into public sector structures and processes

freedom of religion is an issue of universal interest and scope however in the last two centuries at least the philosophical religious and legal terms of the question have been largely defined in the west in an increasingly global world widening our knowledge of this right s roots in different cultural and legal systems becomes a priority this handbook seeks to attain this goal through a better understanding of the historical roots and expressions of the right to freedom of religion on the one hand and on the other of its theological background in different religious traditions history and theology provide the setting for the analysis of the politics of freedom of religion that is how this right is used in the context of the dialogue confrontation between countries placed in different cultural regions of the world and of the legal strategies and tools that have been developed and are employed to protect and foster the right to freedom of religion behind these legal and political strategies there is an ongoing debate about the nature of this right whose main features are explored in the final section global historical and interdisciplinary in approach this book studies the new relevance of

freedom of religion worldwide and develops suitable categories to analyze and understand the role that freedom of religion can play in managing religious and cultural diversity in our societies authored by experts through the contributions collected in these chapters scholars and students will be able to broaden and deepen their knowledge of the right to freedom of religion and to develop the ability to go beyond the borders of the different cultural environments in which this right took shape and developed

core statistical concepts with excel connects statistical concepts to applications with excel using practical research examples the text jointly promotes an understanding of excel and a deeper knowledge of core concepts through practice authors gregory j privitera and darryl mayeaux provide students step by step instruction for using excel software as a useful tool not only to manage but also analyze data all through the use of key themes features and pedagogy an emphasis on student learning a focus on current research and integration of excel to introduce statistical concepts

mr charvet s book is about the grounds of ethical life or the nature and basis of our ethical obligations he begins with an extended criticism of individualist theories he also considers the theories of hegel and marx which like his own are critical of individualist conceptions he develops an original account of the grounds of ethical life that successfully integrates the particular and communal elements of individuality and he shows how this conception requires specific forms of social and political life this unusual book will appeal to students and scholars of political theory the history of ideas sociology and philosophy

for more than thirty years philosopher bernard gert has been developing and refining his distinctive and comprehensive moral theory this book presents the fullest statement yet of his influential theoretical model

this is a print on demand book and is therefore non returnable this study in theological anthropology considers man as the image of

god the meaning of the image immortality and human freedom dealing always with living actual man and his inescapable relation to god

autobiography of an indian freedom fighter pt 1
