why has human history been crowded into the last few thousand years why has it happened at all could it have happened in a

radically different way what should we make of the disproportionate role of the west in shaping the world we currently live in this witty intelligent hopscotch through human history addresses these questions and more michael cook sifts the human career on earth for the most telling nuggets and then uses them to elucidate the whole from the calendars of mesoamerica and the temple courtesans of medieval india to the intricacies of marriage among an aboriginal australian tribe cook explains the sometimes eccentric variety in human cultural expression he guides us from the prehistoric origins of human history across the globe through the increasing unification of the world first by muslims and then by european christians in the modern period illuminating the contingencies that have governed broad historical change a smart literate survey of human life from paleolithic times until 9 11 edward rothstein the new york times

at the turn of the nineteenth century the ottoman empire straddled three continents and encompassed extraordinary ethnic and cultural diversity among the estimated thirty million people living within its borders it was perhaps the most cosmopolitan state in the world and possibly the most volatile a brief history of the late ottoman empire now gives scholars and general readers a concise history of the late empire between 1789 and 1918 turbulent years marked by incredible social change moving past standard treatments of the subject m sükrü hanioglu emphasizes broad historical trends and processes more than single events he examines the imperial struggle to centralize amid powerful opposition from local rulers nationalist and other groups and foreign powers he looks closely at the socioeconomic changes this struggle wrought and addresses the ottoman response to the challenges of modernity hanioglu shows how this history is not only essential to comprehending modern turkey but is integral to the histories of europe and the world he brings ottoman society marvelously to life in all its facets cultural diplomatic intellectual literary military and political and he mines imperial archives and other documents from the period to describe it as it actually was not as it has been portrayed in postimperial nationalist narratives a brief history of the late ottoman empire is a must read for anyone seeking to understand the legacy left in this empire s ruins a legacy the world still grapples with today

an accessible up to date account of the major changes in english syntax since its beginnings up to the present day

grounded in the latest archeological developments victor matthews s a brief history of ancient israel presents a concise history of israel covering the ancestral period conquest and settlement the monarchy and both the exilic and postexilic periods using supplemental figures and insets the author concentrates on providing a cogent and condensed discussion of events he examines

historical geography archaeological data and where relevant comparative cultural materials from other ancient near eastern civilizations with an accessible yet high quality introduction a brief history of ancient israel will be of immense value to both students of the old testament and the scholars who teach them

reprint of the original first published in 1875

the korean nation was formed over a long period as ethnic groups migrated and interacted with each other in and around manchuria and the korean peninsula this is why koreans constitute one of the oldest people in asia and pride themselves of a long tradition and rich cultural heritage as a peninsular state korea has both continental and oceanic characteristics its culture is a unique amalgamation of foreign influences as its geographical location constantly exposed it to contacts with not only china but with countries to the north south and west of china as well in ancient times korea was a power in east asia and once ruled much of manchuria the kingdom of goguryeo was successful in repelling the aggression of china s sui dynasty and tang dynasty while the kingdom of balhae ruled over a vast territory extending to the north as far as siberia russian maritime territory throughout history korea not only developed a culture that is unique and distinguished from that of china but also transmitted many elements of its culture to japan

western civilization began in the middle east judaism and christianity as well as islam were born there for over a millennium the islamic empires were ahead of the west in learning technology and medicine and were militarily far more powerful it took another three hundred centuries for the west to catch up and overtake the middle east why does it seem different now why does osama bin laden see 1918 with the fall of the ottoman empire as the year everything changed these issues are explained in historical detail here in a way that deliberately seeks to go behind the rhetoric to the roots of present conflicts a brief history of the middle east is essential reading for an intelligent reader wanting to understand what one of the world s key regions is all about fully updated with a new section on the iraq invasion of 2003 the question of iran and the full context of the isreali palestine conflict

charles darwin has become one of the most important men in history the quiet unsure polymath who avoided confrontation ensconced in his family home at down house in kent was also a revolutionary who developed his idea of natural selection in isolation cyril aydon s short biography is considered one of the best introductions to the life and ideas of darwin with darwin s

legacy still in contention and the forthcoming anniversary of the publication of the origins species aydon s book is a perfect guide to the ideas as well as the man who was recently voted one of the greatest britons of all time and certainly one of the most influential thinkers ever

a brief history of the philosophy of time is a concise and accessible survey of the history of philosophical and scientific developments in understanding time and our experience of time it discusses prominent ideas about the nature of time plus many subsidiary puzzles about time from the classical period through the present
