**Bactria Historia Einzelschriften**  
the topic of this study is highly relevant for the history of the seleucid empire due to the

patchiness of the known sources the study deals with a difficult area in order to determine a more coherent picture of this relatively obscure and largely misunderstood history lerner disentangles from the various literary traditions from the individuals and events to which they relate numismatic evidence is also taken into consideration for instance in the discussion of euthydemus sogdian coinage mit seiner instruktiven analyse des numismatischen befunds hat der verfasser den rahmen abgesteckt fuer weitere forschung das historisch politische buch

a city planner an architect and a historian trace the urban development of this outstanding city and analyse its architecture in urban and historical contexts from its origins in the pre islamic period to the situation today the authors did extensive fieldwork in bukhara and have published a number of books and many articles on near eastern and persian architecture and urbanism

the present book discusses the eastern part of the persian achaemenid empire which was founded around the middle of the sixth century b c by cyrus the great within twenty years the empire stretched from the aegaeon coast in the west to the kabul valley in the east how did the persians manage to conquer such a vast area within such a short time and how did they manage to preserve their empire for two hundred years before being defeated by the military genius of alexander of macedon the answer to the above questions is sought in the chaotic years that preceded the rise of the achaemenids on the basis of geographical and general historical information the persian achaemenid texts and reliefs classical sources and archaeological material this study draws attention to the nomads from the central asian steppes and deserts who throughout history have played a major role in the developments that took place on the iranien plateau and beyond book jacket title summary field provided by blackwell north america inc all rights reserved

**Bactria Historia Einzelschriften**  
this well balanced reference on ancient persia demonstrates the region s contributions to the

growth and development of human civilization from the 7th century bce through the fall of the persian sasanian empire in 651ce knowledge of ancient persia is often gleaned from the writings of the ancient greeks and romans two civilizations that viewed the persians as enemies this one of a kind reference provides unbiased coverage of the cultural history of the persian empire examining the median achaemenid parthian kushan and sasanian dynasties and tracing the development and maturation of iranian societies during a period of nearly 1 500 years as one of the most comprehensive studies on the topic this historical overview explores the region s rich past while providing insight into the cultures and civilizations the persians came to rule and influence using primary sources written and inscribed by the ancient persians themselves the encyclopedia studies the pre islamic civilizations of iran in the middle east the caucasus central asia and the indian subcontinent incorporating contributions from scholars who discuss the rise and fall of various persian dynasties the work offers some 180 entries that cover such topics as religion royal nobility the caste system and political assassinations the content offers perspectives from a variety of disciplines from anthropology to archaeology geography and art history among other areas

many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive hesperides press are republishing these classic works in affordable high quality modern editions using the original text and artwork
