this is a book about an ancient writer the j writer the yahwist who produced a work of political imagination this work is embedded mainly in the first four books of the bible best known for some of the most popular and influential biblical stories in genesis and exodus the purpose of the book is to represent the whole of the original story with attention to its own meaning without the influence of the other literary strands with which it was later supplemented

therefore the work includes a fresh complete translation of the text of the j writer who produced the bible s first history the translation itself helps to establish more clearly than ever the integrity of the j writer the concern here is when and why this history was written especially in light of the concerns for justice and prosperity throughout it is demonstrated how and why this history comes from the court of david it is a royal history of david s subjects as though they were descended from pastoral nomads such as abram isaac and jacob it is argued that the intended audience of the history was probably those bedouin who regularly visited the court of david in hebron and jerusalem here is a bold and brilliant representation of the j writer s composition perhaps as it was originally intended to be read or heard this ancient tour de force takes on new life in the hands of these skilled interpreters

edited by philip a noss sixteen biblical scholars linguists theoreticians and translation professionals have collaborated to present an overview of the bible translation from the time of the septuagint the targums and the latin vulgate through the reformation and counter reformation and into the present day when mother tongue speakers have replaced the missionary translators of the colonial era this is the inaugural volume in a series of monographs paper back 542 pages

lesson 1 introducing the bible the primary focus of the first lesson is to acquaint the reader with the bible while at the same time establishing it as our highest authority topics include the bible s divine authorship the preservation of the bible an introduction to manuscript evidence and a basic overview of the old and new testaments another major theme is that the bible was written to be read by all that we might come to know its author lesson 2 who is god this lesson introduces the reader to god from a biblical perspective topics include the primary attributes of god such as justice love and omnipotence also covered is doctrine of the trinity including an introduction to jesus christ not only as the son of god but as god himself the creator of the universe lesson 3 god created the spirit beings the third lesson takes readers through a study of spirit beings which are encountered in the bible s narrative as early as genesis 3 angels seraphim and cherubim are all examined in addition to evil spirits such as devils princes of darkness and satan himself the emphasis of the lesson is on the fact that although spirit beings possess great power god remains supreme he created spirit beings and they answer to him
